Successful Cases of Grafting  
of Bones Related by  
an Expert.

[BY A. P. NIGHT WIRE.]

NEW YORK, April 15.—Grafting  
and transplantation of tissues  
attracted the attention of the dele-  
gates of the International Surgical As-  
sociation today. The achievements of  
plastic and reparatory surgery in  
correcting deformities through cu-  
taneous, epidermic, cartilaginous and  
bone grafts elicited the applause of  
the surgeons themselves during  
discussion of fifty lantern slides  
showing his work by Dr. E. Lexer  
of Vienna.  
Cases deformed through burning,  
scalds or inherited disease, were  
shown upon the screen, the insertion  
of bone, bone or quantities of  
bone was next shown, and the suc-  
cessful cases pictured the sculpturing  
of the face during months to give the  
desired ray material a final for-  
mation.  
Illustrations of successful cases  
of bone transplantation from his prac-  
tice were shown by Dr. John B. Mur-  
phy of Chicago. A grafted portion of

## FAMOUS DATE IN HISTORY.

Fleet Due on Anniversary of  
Declaration of Spanish  
War.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH]  
WASHINGTON BUREAU OF  
THE TIMES, April 15.—A histor-  
ical coincidence was discov-  
ered here today in that the  
Atlantic fleet is due to reach  
Tampico on the sixteenth an-  
niversary of the declaration of  
war between Spain and the  
United States, April 21, 1898.  
The Spanish war was actually  
declared by passage of a joint  
resolution in Congress on April  
25, but the declaration was  
antedated to be in effect on  
April 21. Congress declaring  
that war had existed since the  
21st, when President McKin-  
ley's ultimatum to Spain was  
rejected. It was also noted  
that the Revolutionary War be-  
gan April 19, the Mexican War  
April 24, and the Civil War  
April 14.

Trouble Brewing in  
the Philippines.

Merchant Thinks Wilson May  
Embroid Country with  
Japan and China.

Declares Independence for the  
Filipinos Would Be a  
Colossal Blunder.

With Mexican Crisis Loom-  
ing Quezon Sounds a Note  
of Discord.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH]  
MANILA (Or.) April 15.—That  
the present government policy in the  
Philippines is wrong, and  
eventually will lead to trouble there,  
is the opinion of L. Z. Burgess, man-  
ager of a general merchandise store  
at Dagupan, a city on the island of  
Luzon, about 120 miles north of Ma-  
nila, who has been a resident of the  
Philippines continuously for almost  
thirty years.

He thinks the American schools es-  
tablished on the island will fit the  
Filipinos for self-government, but  
that the Filipinos are far from ripe for it  
now.

Mr. Burgess arrived here today.  
"The government should maintain  
a stronger policy toward the Philip-  
pines," said Burgess. "It is all right  
to place Filipinos in some positions,  
but Americans should hold the reins  
and retain the balance of power, al-  
ways. That is the only safe way. Un-  
der the new policy of the government  
the Americans in the civil service in  
the islands are being displaced rapidly  
by Filipinos. Men who have been  
in the service as long as fifteen years  
and passed a civil service examination,  
and whose names are being taken to  
make a list of those who have worked  
hard and faithfully, and have been  
promoted through various branches  
in the civil service, have been dis-  
placed by Filipinos recently."

"It would be a great mistake to give  
the Filipinos independence at this  
time," Mr. Burgess continued. "There  
are a few Filipinos who are fitted for  
self-government. Some of them are  
as able as could be found anywhere.  
But the number of these men is so  
small in proportion to the total popu-  
lation that independence at this time  
would be a great mistake. It is gen-  
erally regarded in the islands that if  
the Filipinos were granted independ-  
ence, trouble with Japan or China  
would ensue in a few months, and the  
country would be embroiled as a result."

"The mass of the people are very  
ignorant, and not capable of any sense  
of self-government. The American  
schools established in the islands are  
making wonderful, simply wonderful,  
improvements among the natives, and  
in the course of ten or twenty years  
it is probable that many of the young  
Filipinos will be able to vote intel-  
ligently. Most of the children are  
taking a keen interest in the schools  
and are being educated rapidly."

Mr. Burgess went to the Philippines  
in 1899 with the Third United States  
Volunteer Infantry and has  
been there ever since. He was hono-  
rably discharged from his regiment in  
1901, but continued in the service for  
thirteen months longer as a civilian  
scout. He then entered the govern-  
ment service in the construction of  
roads and bridges and for five years  
was in the Bureau of Internal Revenue  
in the islands. He was stationed  
as Internal Revenue Collector in Puna,  
a mountain province, Luzon, and re-  
signed to become manager of the American  
store at Dagupan.

CHICAGO'S BRAVEST.  
Detective Awarded Medal for Arrest  
of Desperate Bandit Who Emptied  
Two Revolvers at Him.

[BY A. P. NIGHT WIRE]  
CHICAGO, April 15.—The arrest of  
Robert Webb, automobile bandit who  
shot and killed Policeman Peter Hart,  
was the bravest act performed by a  
member of the Chicago police force in  
1913, according to the decision of  
James Gleason, Superintendent of Pol-  
ice; Herman Schuetzler, first deputy,  
and the civil service board.

William E. O'Connor, a detective  
who arrested Webb, was today  
awarded the Harrison-Tree honor  
medal for 1913.

Webb created a reign of terror here  
a year ago. Scores of automobile  
robberies were blamed to him and he  
shot and killed Hart when the police-  
man tried to arrest him in his room.  
Shortly after the murder O'Connor  
discovered Webb, and in the effort  
to arrest him, chased him several  
blocks while the bandit emptied the  
contents of two revolvers at the de-  
tective.

"THE EASIEST MARK."  
After Getting Fifteen Thousand Dol-  
lars From Farmer Confidence Man  
Gets Twelve Thousand More.

[BY A. P. NIGHT WIRE]  
BUFFALO (N. Y.) April 15.—At  
the age of 70, George Cresteinger, a  
farmer from Williamsville, had never  
been away from home. This winter  
he took a trip to Florida. It cost him  
\$27,000. At the Florida beaches he  
met a confidence man, who marked  
him down as a "prospector," followed  
him home, and inviting him twice to  
Buffalo, obtained the first trip \$15,000,  
and on the second \$12,000.  
Cresteinger admitted to the police  
yesterday that he had lost \$12,000,  
and ruefully reported the second loss  
today.

## Thinks Wilson Will Haul Down the Flag.

Manuel Quezon,  
Filipino delegate to the United States Congress, who tore loose again yester-  
day in a speech at Cleveland, reminding the Democrats that they owe the  
Filipino independence, just at the time that Bryan is reported to be so  
worried about events that he lost his way in the White House and had to  
be guided about like a stranger from the Ozarks. The burden of Quezon's  
lay yesterday was that the Filipinos should have independence imme-  
diately.

Insistent.

FREEDOM FOR FILIPINOS  
DEMANDED BY QUEZON.

Commissioner Declares Islands Should Receive Inde-  
pendence Immediately and He Has Confidence that  
Wilson and the Democrats Will Soon Let Loose of the  
Archipelago and Allow Natives to Rule.

[BY A. P. NIGHT WIRE]

CLEVELAND (O.) April 15.—In-  
dependence of the Philippines was  
advocated by Manuel L. Quezon,  
one of the Philippine commissioners  
at Washington, in an address tonight  
before the Cleveland Chamber of In-  
dustry.

"The duty of the United States to  
the Philippines is plain," Mr. Quezon  
said. "Congress should enact a law  
giving the Filipinos their independ-  
ence. The reasons are these:  
—This country has promised to  
withdraw its sovereignty from the  
Philippine Islands.  
—The fundamental proposals upon  
which the declaration of independence  
was based and from which it acquires  
its obvious justification are the great  
and complementary principles: That

all governments derive their just  
powers from the consent of the gov-  
erned, and that the right is inherent  
in every people to establish such gov-  
ernment as to them shall seem best."

Referring to the time when inde-  
pendence should take effect, Mr. Que-  
zon said:  
"The question of time is all-im-  
portant. Those who promise an in-  
dependence to be granted when you  
have been accomplished. Never again  
are dead and buried, are either in-  
sincere and too tardy to disclose to  
the American people the real purpose  
which underlies their protestations, or  
if they are honest they have been  
foolish. What could that promise  
amount to, when you make it,  
it will not live to see it realized? Can

(Continued on Third Page.)

## BIG FLEET ON ITS WAY; CONGRESS BACKS WILSON

Huerta Submits Demand for a Salute to  
Executive Session of Senate.

Vera Cruz and Tampico May Be Seized by the Ameri-  
can Forces, According to Washington Advice—Pres-  
ident Insinuates that United States Citizens Have  
Been Especially Singled for Humiliation in Mexico.

[BY A. P. NIGHT WIRE]

WASHINGTON, April 15.—Gen.  
Huerta submitted to an execu-  
tive session of the Mexican Sen-  
ate today the demands of the Ameri-  
can government for a salute to the  
flag. No answer has been received by  
the Washington government late to-  
night of the result of the delibera-  
tions.

Although no definite information  
was available, the fact that Gen.  
Huerta had submitted the case to the  
Mexican Senate, which is specially  
charged with the conduct of foreign  
relations, and not to the entire body  
of Congress, led to the belief here  
that he had sought authorization from  
the Senate for the arbitration of the  
question under dispute.

Under the treaty of 1848 between  
the United States and Mexico it was  
proclaimed that if any disagreement  
arose of a political or commercial na-  
ture the two nations "do promise to  
each other that they will endeavor in  
the most sincere and earnest manner  
to settle the difference so arising and  
to preserve the state of peace and  
friendship in which the two countries  
are now placing themselves, using  
for this end mutual representations  
and pacific negotiations; and if by  
these means they should not be en-  
abled to come to an agreement, a  
resort shall not on this account be  
had to reprisals, aggression or hos-  
tility of any kind by the one repub-  
lic against the other until the govern-  
ment of that which deems itself ag-  
grieved shall have made a demand  
for satisfaction, and until the other  
shall have refused to accept of the  
arbitration of commissioners ap-  
pointed on each side or by the  
other unless deemed by the other  
incompatible with the nature of the  
difference or the circumstances of  
the case."

A special arbitration treaty for the  
settlement of all disputes except ques-  
tions of national honor expired in  
1913, and administration officials have  
held that not even the treaty of 1848  
is in force at present because no gov-  
ernment in Mexico has been recog-  
nized.

It was nevertheless believed in of-  
ficial circles tonight that Gen. Huerta  
would persist in his attempt to inter-  
dict the question of arbitration into  
the situation in spite of the fact that  
he had already been informed that  
the American government would not  
consider arbitrating the question of  
the salute to the flag.

THE ULTIMATUM.  
Huerta was given final warning by  
the United States government today  
that unless a salute was fired to the  
Stars and Stripes within a reasonable  
time to atone "for repeated offenses  
against the rights and dignity of the  
United States," serious consequences  
would result. This warning was  
emphasized by action, which placed  
the majority of the ships of the  
American navy under orders to pro-  
ceed at once to the Atlantic and  
Pacific coasts of Mexico.

It was learned today that Gen.  
Huerta, when apprised by Charge  
O'Shaughnessy of the proposed

demonstration of the Atlantic fleet,  
argued that the episode growing out  
of the arrest of the American blue-  
jackets at Tampico was a fit subject  
for arbitration at The Hague and that  
he would appoint a commission to in-  
vestigate the incident.

President Wilson, in an emphatic  
reply through Charge O'Shaughnessy,  
is understood to have told Gen. Huerta  
that the time for delay and evasion  
had passed and that the American  
government would temporize no  
longer. Administration officials hold  
that insults to the flag and questions  
of national honor are not subjects for  
arbitration.

All information that reached Wash-  
ington from Mexico City tended to  
show that Gen. Huerta was uncon-  
vinced that the United States was in  
earnest and thought the Washington  
government was bluffing. Some anti-  
American demonstrations at Vera  
Cruz and other points were reported.

Developments of the day have  
shown clearly that a determined and  
forceful policy had been adopted by  
the President, which would be backed  
up by Congress and enforced if neces-  
sary by the army and navy.

WILSON SEES SENATORS.  
While expressing earnest hope for  
peace, the President unequivocally  
told members of the Senate and House  
Committee on Foreign Affairs that the  
offenses of the de facto government  
at Mexico City to the dignity of the  
United States could no longer be  
tolerated and that unless Huerta com-  
plied with the American demands the  
seizure of the customs houses at  
Tampico and Vera Cruz and even the  
declaration of a pacific blockade,  
shutting off commercial intercourse  
with the United States, would be fully  
justified by precedents in international  
law.

It was established that no aggres-  
sive act, such as the landing of  
marines or the shelling of any town or  
the seizure of any port, would be  
undertaken without authorization  
from Congress after President Wilson  
had personally delivered a message  
on the subject. The practically unani-  
mous approval of the Republicans  
and Democrats alike gave the presi-  
dent's initial steps made it ap-  
parent, however, that should Rear-  
Admiral Badger find it necessary to  
act vigorously in an emergency, Con-  
gress would back up the American  
navy without hesitation.

After orders had been issued today  
for a naval demonstration on the Pa-  
cific coast of Mexico, as well as on  
the Atlantic, Gen. Huerta was advised  
that the most powerful fighting force  
the American government has ever  
assembled on sea, carrying thousands  
of marines and bluejackets, is headed  
for the seaport towns of the southern  
republic, ready to enforce to the ex-  
treme the American policy.

ITS HUERTA'S NEXT MOVE.  
Upon Gen. Huerta depends the next  
development; he has promised to  
decide the question, for the war-  
ships will not reach Mexican wa-  
ters for several days. In the mean-  
time all foreign governments should  
be notified by the United States of  
his attitude toward the Tampico in-  
cident and of the dispatch of his  
fleet to Mexican waters. This noti-  
fication is in line with the previously  
announced policy of keeping foreign  
nations advised of all steps taken by  
the United States.

(Continued on Second Page.)

Emergency.

CRISIS WITH MEXICO  
WILL OPEN THE CANAL.

As Result of the Tampico Incident Number of Cruis-  
ers, Gunboats and Torpedo Boats Will Be Sent from  
the Atlantic to the Pacific if It Can Be Done Without  
Offense to England.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH]

WASHINGTON BUREAU OF  
THE TIMES, April 15.—The  
Panama Canal is to be dedicated  
at once to the prime purpose of its  
existence—the military protection of  
the United States.

In preparing for a possible crisis  
in the trouble with Mexico a number  
of cruisers, gunboats, torpedo boats,  
destroyers and collers are to be  
passed through the canal from the  
Atlantic to the Pacific Coast.

This will be the actual opening of  
the Panama Canal, although the great  
waterway will not be ready for the  
passage of the vessels of other na-  
tions until next year.

With the passage of the American  
vessels of war through the canal, the  
gigantic undertaking that resulted  
from the famous dash of the Oregon  
around the Horn on the eve of the  
war with Spain sixteen years ago, will  
have been accomplished. Never again  
will it be necessary to send an Ameri-  
can battleship around the Horn in or-  
der to shift naval forces from one  
coast of the United States to another.

As an appropriate observance of the  
event, the United States has decided  
that the first vessel to pass through the  
canal will be the USS Oregon, the old  
Oregon dedicated to the canal by  
act of Congress in 1906. The neces-  
sities of the Mexican affair have ruled other-  
wise. The first vessel to pass through the  
canal will be the USS Oregon, the old  
Oregon dedicated to the canal by  
act of Congress in 1906.

That it is possible to send large ves-  
sels through the canal now has not  
been generally known. Since the  
Mexican crisis developed, however,  
the Navy Department has inquired of  
Col. Goethals whether it would be pos-  
sible to pass certain cruisers, gunboats  
and other naval vessels through the  
waterway.

Col. Goethals replied that in the  
case of the craft specified the under-  
taking would be entirely feasible. The  
locks are complete and in perfect  
working order and the entire ditch is  
navigable by the largest ships of war,

## LOTS OF MONEY IN WAR CHEST.

Congress to Give President  
Whatever He Wants.

Believe Fifty Millions Will  
Do for a Starter.

If Contest Is Long Special  
Taxes Will Be Levied.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
WASHINGTON BUREAU OF THE  
TIMES, April 15.—In the event of  
war with Mexico Congress is ready  
to furnish without delay the funds  
necessary to the operations of the  
American army and navy for an in-  
definite period. The Democratic  
leaders in Congress have decided to  
recommend the following policy of  
financing war operations:

That during the initial period of  
intervention the expense of the op-  
erations be met from a fund of \$50,-  
000,000 placed at the disposal of the  
President from the surplus in the  
treasury. That in the event of pro-  
longed hostilities a war fund be  
raised by special taxes imposed upon  
luxuries, amusements and the instru-  
ments of commerce.

If President Wilson should find it  
necessary to ask Congress for au-  
thority to intervene, the two houses  
would respond instantly, not only  
with an authorization, but with an  
appropriation for the expense in-  
volved. This action would be taken  
before adjournment of the day's ses-  
sion at which the President sub-  
mitted his representations.

**PRESENT BALANCE.**  
The Democratic leaders believe  
that war operations could be financed  
from the general fund in the treas-  
ury for a considerable period. There  
is a balance of about \$50,000,000  
at present in the general fund from  
which the \$50,000,000 initial approp-  
riation for the use of the President  
would be made. There is a surplus  
of at least \$50,000,000 in the treas-  
ury for \$30,000,000 is regarded as an  
ample working balance for the ordi-  
nary needs of the government.

In fact, throughout the greater  
part of the Taft administration the  
working balance was in the neigh-  
borhood of \$20,000,000 with no sur-  
plus because of the fact that the  
building of the Panama Canal was  
being financed out of the general  
fund instead of the proceeds of bond  
issues.

**MONEY AVAILABLE.**  
In addition to the existing surplus  
of \$50,000,000 the present fiscal  
year, according to the Democratic  
leaders, will produce a surplus of  
\$11,000,000 from tariff and income  
tax revenue. Altogether it is figured  
that there will be about \$50,000,000  
available in the treasury for initial  
war operations.

How long this fund would last in a  
war with Mexico is problematical.  
The Spanish war cost about \$200,-  
000,000 and lasted only about three  
months. It is conceded that war with  
Mexico would cost at least \$500,000,-  
000. The available \$50,000,000  
finance operations for four or five  
months, according to the leaders in  
Congress, who have been in consulta-  
tion on the matter with the War De-  
partment officials. At the end of that  
period it would be necessary to im-  
pose war taxes.

**SPANISH WAR TAXES.**  
The intention of the administration  
leaders in the House, where all  
revenue measures must originate, is  
to propose the laying of special taxes.  
In the event of war, approximately  
the same as those levied for the war  
with Spain. These taxes were:

Permitted liquors, 22 a barrel; to-  
bacco, 12 cents a pound; cigars and  
cigarettes, 11 to 15 cents; 1000  
tobacco dealers and manufacturers, \$5  
to \$25; bankers and brokers, \$10 to  
\$50; theaters and amusement places,  
\$5 to \$10; bowling alleys and billiard-rooms,  
\$5 per alley or table; bonds, stocks, 5  
cents per \$100; checks, drafts and  
certificates of deposit, 2 cents; bills of  
exchange, 5 cents per \$100; bills of  
lading, 1 to 10 cents; telephone mes-  
sages over 15 cents; 1 cent; life in-  
surance policies, 5 cents per \$100;  
premiums, 1 cent; 1 cent; 1 cent;  
manifests, \$1 to \$5; mortgages, 25  
cents per \$500; foreign steamship  
tickets, \$1 to \$5; proprietary articles.

## CASH AWARDS TO KEEN OBSERVERS.

Count the Total Number of Separate "Liners" Printed in  
"The Times" for the Seven Days from Monday,  
April 13, to Sunday, April 19, In-  
clusive, and Receive Five Dol-  
lars in Gold.

On Monday, April 20, and on each Monday thereafter, The Times  
will award \$5 in gold to the person making the nearest correct estimate  
of the total number of classified, or "liner," advertisements printed in  
The Times during the preceding seven days.

This contest does not involve luck, chance, guessing or the solving  
of problems. Accuracy in counting the total number of "liner" ad-  
vertisements that appear from day to day in The Times, including those  
printed in the classified Business Directory in the Sunday issue, is  
all that is necessary to win the award.

Answers should not be submitted until after the publication of The  
Times for Sunday of the week for which the contest is held, and they  
must be delivered at The Times office, Broadway at First street, before  
10 a.m. the following Tuesday.

Estimates will be numbered in the order of their receipt at The  
Times office, and the prize will be awarded each week to the person  
sending in the first correct, or nearest correct, answer.

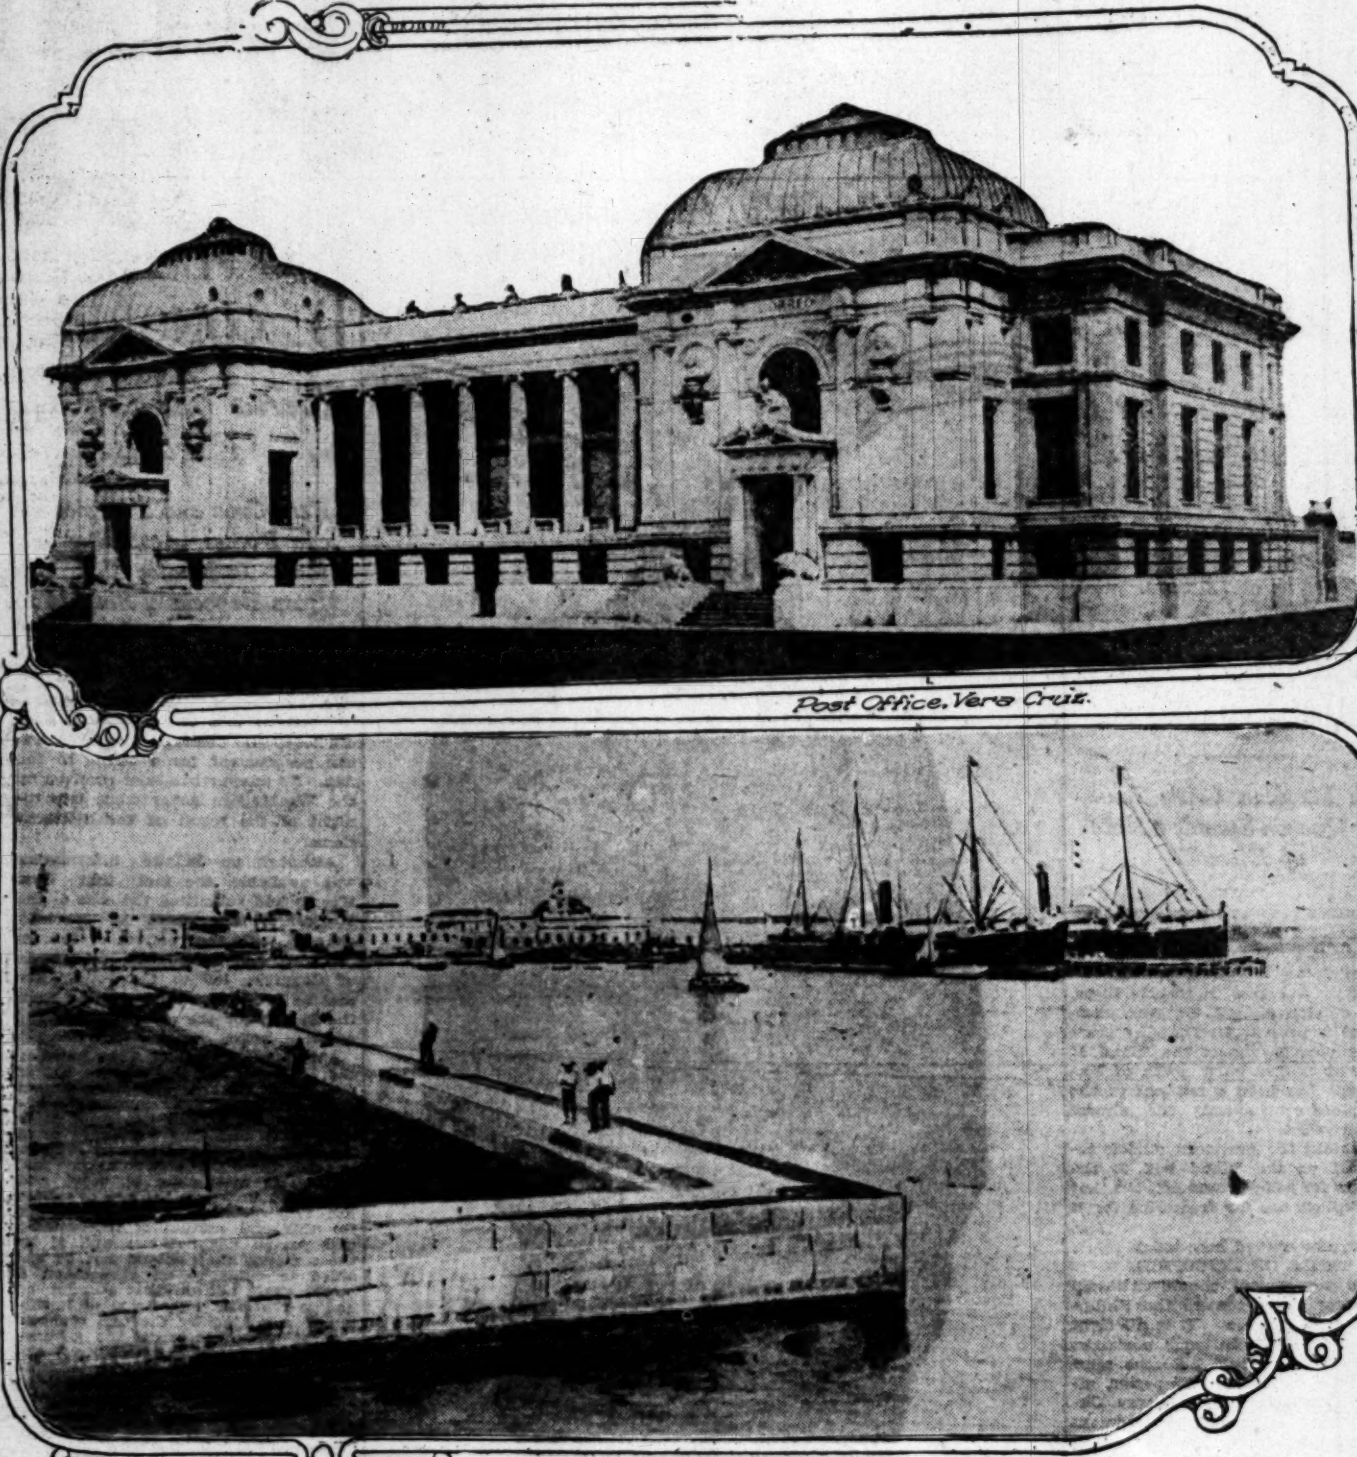

The name of the prize winner for the preceding week will be pub-  
lished every Wednesday.

This contest is not open to employees of The Times-Mirror Company,  
and this company's advertisements should not be counted.  
Address letters to "Contest Editor," New Times Building, Los Ange-  
les, Cal.

Commence Monday and count Times "liners" every day from April  
13 to April 19 inclusive, and receive \$5 in gold for your trouble.  
Month after month, year in and year out, The Times regularly prints  
more advertising than any other newspaper in America, and more "lin-  
ers" than the two other Los Angeles morning papers combined.

TIMES "LINERS" PAY BIG.

## A Beautiful Postoffice That Uncle Sam May Annex.

The Harbor, Vera Cruz.

The upper panel, a view of the handsome Mexican postoffice in Vera Cruz, the main port of entry into Mexico. The lower panel, a view of the splendid harbor in Vera Cruz. After settling old scores at Tampico (if worse comes to worse), President Wilson let it be known yesterday that the United States forces would be sent to take the seaport of Vera Cruz and hold it for the day of final reckoning.

1/2 cent per 1 cent value; wines, 1 cent  
per pint; chewing gum, 4 cents per \$1;  
legacies, 75 cents to \$12 per \$100;  
mixed flour, 4 cents per barrel; tea, 10  
cents per pound; customs duty.

**BIG SURPLUS ON HAND.**  
"If it should be found necessary  
to intervene in Mexico," said Repre-  
sentative Underwood, chairman of the  
Ways and Means Committee of the  
House, "the President will be pro-  
vided at once with an ample fund  
from which to pay the expenses of the  
army and navy. The Treasury is in  
excellent condition to meet the  
most liberal initial expenses. There  
is a large surplus now and the amount  
will be increased by the revenue in-  
crease at the end of the current  
fiscal year."

**AMPLE FUNDS.**  
Senator Simmons, chairman of the  
Senate Finance Committee, said:  
"Ample funds will be forthcoming  
to enable the President to deal with  
eventualities whatever their character.  
The tariff and income tax will produce  
a surplus of more than \$18,000,-  
000, which together with the existing  
surplus of more than \$50,000,000,  
will be sufficient for emergency purposes.  
Of course, if the war should be a war  
of any magnitude, the levying of  
special war taxes would be impera-  
tive."

## GIVING CARRANZA THE LATEST NEWS.

(BY A. P. NIGHT WIRE.)  
EL PASO (Tex.) April 15.—Gen.  
Carranza at Chihuahua was kept fully  
informed today of the orders to the  
fleet and the attitude of Washington,  
but no statement of what position  
he would assume should the Ameri-  
cans take Tampico and Vera Cruz  
was forthcoming.

Robert V. Pasquella, confidential  
agent of the Constitutionalists in this  
city, said for publication that all  
rebel leaders are convinced that  
Huerta would not hesitate to plunge  
the whole country into a foreign war  
when he feels his power crumbling,  
thinking to save himself by uniting  
the country against an alien enemy.

**GERMAN SAULERS SHOT.**  
Stray Bullets During Tampico Fight  
Hit Two Men on Tank Steamer.  
One May Die.

(BY A. P. NIGHT WIRE.)  
TAMPA (Fla.) April 15.—With two  
wounded sailors on board, the Ger-  
man tank steamer Oseage from Tam-  
pico put into quarantine here today.  
Stray bullets fired in the fighting be-  
tween Mexican Federals and rebels  
at Tampico struck the sailors, who  
were on the ship. One of the sailors  
may die.

The Oseage had a number of bullet  
holes in her superstructure.  
Capt. De Reese reported the fight-  
ing had been heavy ten days ago in  
the oil district, where his ship was  
doomed.

The British steamer Trinidadian,  
with several bullet marks on her hull,  
also arrived today from Tampico.

## VERMONTÉR, MAN OF HOUR.

Short Sketch of Mayo Who  
Demands Salute for  
the Flag.

The man of the hour in the  
Mexican crisis is Rear-Admiral  
Henry T. Mayo, who demanded that  
the Huerta troops at Tam-  
pico salute the American flag.  
He was born in Vermont,  
December 8, 1856.

Appointed to Naval Acad-  
emy, 1873.

Commander of cruiser Mary-  
land during the Spanish-Ameri-  
can War.

Served in Pacific waters until  
1912.

Appointed commander of  
Maine Island Navy Yard in  
1912.

Became personal aide to Sec-  
retary Daniels in May, 1913.

Took course in strategy and  
tactics at Newport War Col-  
lege and then took command  
of a division of the Atlantic  
fleet.

His characteristics: Genial,  
quiet, unassuming, brave,  
kindly, but forceful and a strict  
disciplinarian.

## ARIZONA MILITIA OFFICERS DISARMED BY MEXICANS.

(BY A. P. NIGHT WIRE.)  
DOUGLAS (Ariz.) April 15.—Adm-  
iral Charles W. Harris of the  
Arizona National Guard and three  
other militia officers were relieved of  
their sidearms by Constitutional-  
ist border guards today when they  
crossed the international line into  
Agua Prieta in company with Govs.  
G. W. Hunt of Arizona and William  
C. McDonald of New Mexico.

The Governors are here in the in-  
terest of good roads. None of the  
party was able to speak Spanish, and  
with difficulty they extricated them-  
selves and continued on their tour of  
the Mexican town.

Gen. Harris stated tonight that Con-  
stitutionalist officers had promised to  
return the swords of the militiamen  
by morning. "It is looked upon here  
as a joke, rather than a serious mat-  
ter, as local Mexicans say they believe  
the border guards do not understand  
the purpose of the visit to Agua Pri-  
eta."

Other speakers urged unity of the  
Southwest in the good-roads move-  
ment. Gov. Hunt and other Arizona  
and New Mexico officials will go to  
Bisbee tomorrow for a reception and  
luncheon. Gov. McDonald probably  
will have to go home to Santa Fe to  
attend to official business.

**Protection.**  
"I find," Senator Smith said, "that  
nine-tenths of the members of the  
Senate will stand behind the admin-  
istration in its demand for repara-  
tion. If the government is compelled to  
defiance of Huerta to land armed  
troops."

**Enthusiasm.**  
The text of the telegrams, which  
were sent last night by Bulla,  
follows: "Chamber urgently re-  
quested by members to ask your aid  
in securing protection to interests on  
West Coast, particularly Salina Cruz,  
in event necessity arises. If no ves-  
sels in these waters available, can  
vessels be rushed through Panama  
Canal to meet emergency?"

Answers to these telegrams will  
probably be received by the chamber  
today.

## Big Fleet On It's Way.

(Continued from Page.)

the American government in the Mex-  
ican situation.  
The position of the administration  
as it was explained to members of the  
Senate and House Committee on For-  
eign Affairs by the President, and as  
it was substantially reviewed in the  
notes sent to all foreign governments,  
is described in a statement given out  
during the day, which was prepared  
by high administration officials. The  
statement follows:

**ADMINISTRATION'S POSITION.**  
"In discussions in official circles in  
Washington, of the present situation,  
the following points have been very  
much dwelt on:

"It has been pointed out that, in  
considering the present somewhat deli-  
cate situation in Mexico, the unpleas-  
ant incident at Tampico must not be  
thought of alone. For some time past  
the de facto government of Mexico  
has seemed to think mere apologies  
sufficient when the rights of American  
citizens or the dignity of the govern-  
ment of the United States were in-  
volved and has apparently made no  
attempt at either reparation or an ef-  
fective correction of the serious  
derelictions of its civil and military  
officials."

"Immediately after the incident at  
Tampico an order from one of the  
ships of the United States in the har-  
bor of Vera Cruz, who had been sent  
ashore to the postoffice for the ship's  
mail, and who was in uniform and had  
the official mail bag on his back, was  
arrested and put into jail by the local  
authorities. He was subsequently re-  
leased and a nominal punishment in-  
flicted on the officer who had ar-  
rested him, but it was significant that  
an order from the United States gov-  
ernment to the hands of the Charge  
d'Affaires of the United States only  
on his personal and emphatic de-  
mands learned through other channels that  
a dispatch had been sent him which  
he had not received."

"It cannot be denied that anyone who  
has watched the course of events in  
Mexico, as significant that outward  
incidents such as these have not oc-  
curred in any case where representa-  
tives of other governments were con-  
cerned, but only in dealings with rep-  
resentatives of the United States and  
that there has been no occasion for  
other governments to call attention to  
such matters or to ask for apologies."

"These repeated offenses against  
the rights and dignity of the United  
States, offenses not duplicated with  
regard to the representatives of other  
governments, have necessarily made  
the impression that the government  
of the United States was singled out  
for manifestations of ill will and con-  
tempt."

"The authorities of the State De-  
partment feel content that when the  
seriousness and the cumulative ef-  
fect of these incidents is made evi-  
dent to the government of Mexico,  
that government will see the neces-  
sity and the necessity of giving  
such evidence of its desire to re-  
pudiate and correct these things as  
will be not only satisfactory to the  
government of the United States, but  
also an evidence to the rest of the  
world as an entire change of atti-  
tude."

"There can be no loss to the dignity  
of the de facto government in Mex-  
ico in recognizing in the fullest degree  
the claims of a great sovereign gov-  
ernment to its respect."

**CONGRESSMAN'S VIEW.**  
The Congress stands behind the admin-  
istration almost to a man in the  
aggressive policy to demand repara-  
tion for indignities offered by the Huerta  
government."

In the Senate and House today the  
opinion was general that the Presi-  
dent would be backed every step of the  
way against Mexico to uphold  
the sovereignty of the United States.  
Both administration and Republi-  
can leaders expressed the em-  
phatic view that the United States  
is not sending the fleet to Tampico as  
a bluff, but that it is sending it there  
to signalize the fact that it is the  
patience of this government has been  
exhausted and reparation must be  
made or the already war-scarred  
southern republic must suffer grave  
consequences."

Although both houses of Congress  
proceeded in the regular course of  
legislative business throughout the  
day, it was everywhere apparent that  
the departure of the fleet for Mex-  
ico had aroused patriotic fervor, and  
the Mexican situation was the absorb-  
ing topic of informal discussion.

Senator Hoke Smith of Georgia  
made a canvass of the Senate relat-  
ing to the dispatch of the fleet and  
the underlying question of the ad-  
ministration to command Mexico's  
respect of the American nation."

**HOKE SMITH'S CANVASS.**  
"I find," Senator Smith said, "that  
nine-tenths of the members of the  
Senate will stand behind the admin-  
istration in its demand for repara-  
tion. If the government is compelled to  
defiance of Huerta to land armed  
troops."

**Protection.**  
"I find," Senator Smith said, "that  
nine-tenths of the members of the  
Senate will stand behind the admin-  
istration in its demand for repara-  
tion. If the government is compelled to  
defiance of Huerta to land armed  
troops."

**Enthusiasm.**  
The text of the telegrams, which  
were sent last night by Bulla,  
follows: "Chamber urgently re-  
quested by members to ask your aid  
in securing protection to interests on  
West Coast, particularly Salina Cruz,  
in event necessity arises. If no ves-  
sels in these waters available, can  
vessels be rushed through Panama  
Canal to meet emergency?"

Answers to these telegrams will  
probably be received by the chamber  
today.

## BLAME TROUBLE UPON PRESIDENT.

(Continued from Page.)

Mexican Situation His Fault,  
Say London Papers.

State His Moral Intervention  
Resulted in Anarchy.

Must Be War Now or Never,  
Declares the "Graphic."

(BY ATLANTIC CABLE AND A. P.)  
LONDON, April 15.—Most of the  
London morning papers in their edi-  
torial comment on the Mexican sit-  
uation display sympathy with Presi-  
dent Wilson in the difficulties which  
have arisen with Mexico, while at the  
same time contending that those difficul-  
ties were largely brought about by his  
idealistic policy.

Much curiosity is expressed over  
the intentions of the United States  
because, although it is believed gen-  
erally that President Wilson is a man  
of high moral character, it is believed  
that he should be more practical in  
the mere occupation of Tampico  
and that the blockade of Vera Cruz  
would be the only measure that would  
result in a serious blow to the Huerta  
regime.

**SEES NO HOPE.**  
The Daily Telegraph cannot believe  
that President Wilson intends to put  
into effect a resolute military inter-  
vention, and sees no hope of putting  
an end to the anarchy which has  
resulted from the Wilson policy of  
moral intervention."

**WILSON'S FAULT.**  
The Daily Graphic considers that  
President Wilson's high moral pur-  
poses have landed the United States  
and the President himself in a situ-  
ation of the greatest difficulty and  
embarrassment.

**NOW OR NEVER.**  
The Graphic continues:  
"Mexico must now be conquered or  
left alone. That is the only alterna-  
tive. The door of peace is now  
open, but it is with Huerta and  
himself of the chance."

**UP TO HUERTA.**  
The Standard says:  
"The big stick has at last been  
grasped. The door of peace is now  
open, but it is with Huerta and  
himself of the chance."

**POSSIBILITIES.**  
The Mail believes that in the end  
of war and an election of Huerta  
temporary protectors of Mexico is  
inevitable, and adds:  
"President Wilson is too wise and  
human to rule to consign a war-  
torn country to the sheer anarchy which  
is bound to follow the collapse of  
such government as now rules in  
Mexico."

**SAYS LIND DID IT.**  
The Chronicle argues that any  
foreign state might without loss of  
dignity have demanded the return of  
the fleet to the United States, and  
that Huerta has already admitted  
this.

**It is therefore difficult to dis-  
connect the President's action from  
the return of Mr. Lind, who is con-  
sidered to be a man in the admin-  
istration almost to a man in the  
aggressive policy to demand repara-  
tion for indignities offered by the Huerta  
government."**

In the Senate and House today the  
opinion was general that the Presi-  
dent would be backed every step of the  
way against Mexico to uphold  
the sovereignty of the United States.  
Both administration and Republi-  
can leaders expressed the em-  
phatic view that the United States  
is not sending the fleet to Tampico as  
a bluff, but that it is sending it there  
to signalize the fact that it is the  
patience of this government has been  
exhausted and reparation must be  
made or the already war-scarred  
southern republic must suffer grave  
consequences."

Although both houses of Congress  
proceeded in the regular course of  
legislative business throughout the  
day, it was everywhere apparent that  
the departure of the fleet for Mex-  
ico had aroused patriotic fervor, and  
the Mexican situation was the absorb-  
ing topic of informal discussion.

Senator Hoke Smith of Georgia  
made a canvass of the Senate relat-  
ing to the dispatch of the fleet and  
the underlying question of the ad-  
ministration to command Mexico's  
respect of the American nation."

**HOKE SMITH'S CANVASS.**  
"I find," Senator Smith said, "that  
nine-tenths of the members of the  
Senate will stand behind the admin-  
istration in its demand for repara-  
tion. If the government is compelled to  
defiance of Huerta to land armed  
troops."

**Protection.**  
"I find," Senator Smith said, "that  
nine-tenths of the members of the  
Senate will stand behind the admin-  
istration in its demand for repara-  
tion. If the government is compelled to  
defiance of Huerta to land armed  
troops."

**Enthusiasm.**  
The text of the telegrams, which  
were sent last night by Bulla,  
follows: "Chamber urgently re-  
quested by members to ask your aid  
in securing protection to interests on  
West Coast, particularly Salina Cruz,  
in event necessity arises. If no ves-  
sels in these waters available, can  
vessels be rushed through Panama  
Canal to meet emergency?"

Answers to these telegrams will  
probably be received by the chamber  
today.

**Enthusiasm.**

## 31 Years of Integrity

A pay envelope may not be so large as you like it, but it's fairly reliable.

What do you think about buying clothes that are really and truly reliable? Is it worth while?

Is it not better to pay \$25.00 for a smart, swagger suit, ready to put on, that will give you real honest service?

Mullen & Bluett clothes are made with custom-tailor care and skill. Probably no finer clothes have ever been produced.

LONG BEACH  
IN REBELLION.

Can't Spend Own Money to  
Improve Harbor.

Ask Senator Perkins to Aid  
Movement on Foot.

Appropriation Is Sought to  
Develop the Mojave.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

WASHINGTON BUREAU OF THE TIMES, April 15.—The people at Long Beach were astounded when they learned that the board of engineers for rivers and harbors had reported against any government improvement of Long Beach Harbor at this time, and they are now moving to secure permission of the War Department to carry on needed work at their own expense.

P. C. Roberts, editor of the Telegram, wired Senator Perkins: "Our people are stunned by the board's action. Under present conditions we cannot spend our own money."

He inquired whether \$25,000 can't be inserted in the bill for Long Beach Harbor. Senator Perkins replied suggesting that application be made through the resident engineer, and saying that he had an intimation from the government that the War Department would supervise the work.

The Senate committee will not take the omnibus bill prepared in the House as a basis for its measure was apparent, however, and there is still much doubt whether an agreement between the houses can be reached as to a definite course to be pursued with respect to the proposed legislation.

These are war times.

American Government Permanently Enjoins the Demonstration of Bliss-Leavitt Torpedo to Other Nations.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 15.—A temporary injunction granted by Judge Veeder in the United States District Court of New York restraining the E. W. Bliss Company from revealing to other nations the construction of the Bliss-Leavitt torpedo used by the United States navy has been rendered permanent.

The Bliss company has been ordered to demonstrate the operation and construction of this torpedo, which officials say the navy has developed into the most effective weapon of its kind in the world, to the Whitehead Torpedo Company of Fiume, Austria, when checked by temporary injunctions sought by the Navy Department.

Union Machine Tools Industrial Commission Organizations Don't Want Premia on Experience.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 15.—N. T. Alfes, representing the machinists in the government service affiliated with the American Federation of Labor, told the Federal Industrial Relations Commission today that union workmen were opposed to "efficiency systems" and that as long as the employer refused to open his books and give his workers a fixed percentage of the profits it was right and proper for the employees to demand a fixed daily wage rather than to have their pay fixed by a task and bonus or by a premium system.

TENNESSEE REPUBLICANS.

State Convention Renominates Hooper for Governor and Indorses National Prohibition Amendment.

(BY A. P. DAY WIRE.)  
NASHVILLE (Tenn.), April 15.—The Republican State convention today renominated Ben W. Hooper for a third term as Governor. The convention referred to a committee of the National Committee's plan for changing the representation at national conventions and indorsed the national prohibition amendment.

JAPAN IS SORRY.

Tokio Government Expresses Its Regrets to the Chinese That the Chang-Ti Incident Occurred.

(BY PACIFIC CABLE.)  
PEKING (China), April 15.—The Japanese government today expressed its regret to the Chinese government for the Chang-Ti incident, which occurred in September, 1913, when several Chinese soldiers were killed by Japanese troops who were occupying a section of the Mukden Railway.

Japan also agreed to pay \$25,000, in compensation for the loss of the lives of the soldiers killed.

REVOLUTIONISTS CAUGHT.

(BY ATLANTIC CABLE AND A. P.)  
LONDON, April 15.—Chinese government officials in Shanghai arrested today several revolutionaries who had come from Japan, according to an Exchange Telegraph Company's dispatch. They were charged with spreading sedition among the regular soldiers. At the same time documents were seized, alleged to be signed by Dr. Sun Yat Sen, former Provisional President. They are said to contain instructions for a wide spread uprising this month and the massacre of officials.

Special low rate Excursions, \$12 Round Trip, which includes meals and sleeper berth (about one-half the cost of an individual trip). For further information, see

Special 20% bonus for early builders—\$10 per acre rebate for those who begin the development of their land within 60 days from date of purchase, land to be leveled, checked, irrigated and planted within one year. These little farms are actually only a few blocks from the center of Niland, the gateway to Imperial Valley, distributing center of the 47,000 acres of Nileland Farms. Experienced agriculturists and those who before have realized heavy profits through wise investment, are buying in Niland and vicinity. Only six hours from Los Angeles—five freight and six passenger trains daily. Buy business and residence property now at ground floor prices.

Senator Works wired in similar vein and wrote also that Col. Taylor feels sure that the Secretary of War will grant permission to do what work Long Beach wants done, and that he may also furnish government supervision. Senator Works expressed regret that the work was not authorized, and says:

"It is quite unfair that the work should be done at the expense of the people of Long Beach."

THE MOJAVE WATERSHED.  
Petitions are coming to members of Congress urging its appropriation for the economical development of the water and power in the watershed of the Mojave River and their distribution upon such lands in Victor Valley as may be feasible and practicable.

Replying to Mrs. Margaret Kelley of Ocean Park and the Victorville Chamber of Commerce, Senator Perkins says he thinks this could be done at the next Congress.

CHILD LABOR FUND.  
H. H. Duryea, chairman of the Southern California Child Labor Committee of Los Angeles has forwarded to the California Senate resolutions for the committee urging the appropriation of \$165,000 desired by the chief of the Children's Bureau.

ANGELENO MADE INSPECTOR.  
W. L. Hammond of Los Angeles has been appointed a veterinary inspector in connection with the Bureau of Animal Industry to be located at Kansas City, Kan.

PASADENA SUBSTATION.  
The Postoffice Department has authorized the establishment of Station No. 1 of the Pasadena postoffice on May 1 at No. 2033 North Fair Oaks avenue.

UPLAND POSTOFFICE.  
The Postoffice Department has accepted the proposal of J. A. Sourwine to lease new quarters for the Upland postoffice on the north side of B street, between Second and Third avenues, for five years, also at Dunsmuir. It has accepted the proposal of Mrs. Mary A. Dougherty to lease the present postoffice quarters for five years.

Senator Newlands Tells President Wilson It May Be Reported Within a Week or Ten Days.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 15.—Senator Newlands, chairman, and Senator Robinson of the Interstate Commerce Committee, conferred with President Wilson today relative to the anti-trust legislative programme. It was announced that the committee would report it to the Senate in a week or ten days, but Senator Robinson thought it could not be agreed on for two or three weeks.

That the Senate committee will not take the omnibus bill prepared in the House as a basis for its measure was apparent, however, and there is still much doubt whether an agreement between the houses can be reached as to a definite course to be pursued with respect to the proposed legislation.

## BALLINGER-PINCHOT ECHO.

Oscar Lawlor Is Being Sued at Washington by C. P. Connolly for Testimony at Investigation.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
WASHINGTON BUREAU OF THE TIMES, April 15.—Former Assistant Attorney-General of the Interior Department Oscar Lawlor is defendant in a damage suit here today. With a United States Senator at the counsel table for the plaintiff, and members of both houses of Congress testifying in his behalf, the District Supreme Court heard today an echo of the Ballinger-Pinchot conservation investigation.

Before Justice Barnard and a jury in Circuit Court No. 1 is being tried a suit to recover \$20,000 damages filed by C. P. Connolly, a magazine writer, against Lawlor on account of testimony given by Lawlor at the investigation.

Senator Walsh of Montana is associated with Attorney George E. Sullivan and Walter C. English of the local bar in behalf of the writer. The defense is represented by Attorney Henry E. Davis.

Witnesses for the plaintiff were Senators Borah, Poinsett and La Follette and Representative Graham of Illinois. Connolly also testified in his own behalf.

THE ANTI-TRUST BILL.  
Senator Newlands Tells President Wilson It May Be Reported Within a Week or Ten Days.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 15.—Senator Newlands, chairman, and Senator Robinson of the Interstate Commerce Committee, conferred with President Wilson today relative to the anti-trust legislative programme. ## WHY GO TO WASHINGTON?

Assistant Secretary of the Navy Sees Nothing That Requires His Attention at the National Capital.

(BY A. P. NIGHT WIRE.)  
SAN FRANCISCO, April 15.—Franklin D. Roosevelt, Assistant Secretary of the Navy, here for the inspection of the naval properties about the bay, declared today that he did not expect to be recalled to Washington because of the Mexican situation.

"There would be nothing to do," he said, "as the fleet is in perfect condition for any emergency."

Roosevelt stated that he really is the advance agent for the fleet, which will be here during the exposition next year.

TO REMAIN AT WORK.

Miners in the Pittsburgh District to Continue While Wage Negotiations Are Going On.

(BY A. P. NIGHT WIRE.)  
PITTSBURGH (Pa.), April 15.—Van Bitter, president of district No. 8, United Mine Workers, announced today that reports from local unions indicate that a majority of the 45,000 miners in this district yesterday voted to continue at work while the negotiations for a settlement of the wage scale are in progress.

Orange Blossoms.

MISS BLETHEN WEDS DENTIST.

SEATTLE EDITOR'S DAUGHTER MARRIES IN WASHINGTON.

Ceremony Takes Place in Presence of a Few Friends of Both Families at the Historic House of Worship Known as "The Church of the Presidents."

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)  
WASHINGTON BUREAU OF THE TIMES, April 15.—Miss Marion Blethen, younger daughter of Col. and Mrs. Alden J. Blethen, editor and owner of the Seattle Daily and Sunday Times, and Dr. Tom Mesdag, a prominent Seattle dentist, were married yesterday. The ceremony, which took place in the presence of a few friends of the two families, was held in St. John's Protestant Episcopal Church, Washington's historic house of worship, known as "The Church of the Presidents," and performed by the Rev. Roland Cotton Smith, D.D., its rector. The wedding was entirely informal in character. Both bride and bridegroom have a host of friends in Seattle and Los Angeles, Cal.

Col. and Mrs. Blethen gave a wedding dinner for the couple at the New Willard Hotel in Washington tonight. Dr. and Mrs. Mesdag will remain in the capital city during the rest of the week.

The church in which the nuptials were celebrated stands on the opposite side of Lafayette Square from the White House and is known as "The Church of the Presidents," through the fact that half of the Chief Executives of the nation have worshipped there and a few for the use of Presidents' aides is always reserved.

BEST ROAD MAKERS.

Two Illinois Girls, Twin Sisters, Win First Prize for Good Work in Highway Improvement.

(BY A. P. NIGHT WIRE.)  
CHICAGO, April 15.—Three girls were the winners of the leading prizes offered today by the Associated Good Roads Association for the best work of the volunteer road makers.

Alma and Amanda Gewike, 17 years old, twins, left their home at 4 o'clock in the morning on a home-made drag and ninety minutes later appeared at Desplaines, Ill., with six and a half miles of perfectly-dragged road to their credit. They returned by a shorter route and quit work at night with twelve and a half miles of road made. They received the first prize of \$45.

Lillian Goede, 18 years old, also of Desplaines, received the second prize of \$45 for dragging seven miles of road.

BUSY AT OREGON.

(BY A. P. NIGHT WIRE.)  
OREGON (Ill.), April 15.—Col. Frank O. Lowrey, former national committeeman from Illinois, and 100 business men of Oregon, put in ten hours of hard work on the roads adjoining this city today. Bankers, county officials and ministers took off their coats and worked together with pick and shovel a mile and a half of hard road was completed.

THE COST OF OATS.

Witness Testifies Before Government's Woman Examiner That the Shoe Factory District, Chicago, Was Composed of Thirty-five Men and Women, Striking for Higher Wages.

(BY A. P. NIGHT WIRE.)  
NEW YORK, April 15.—Officers of five independent cereal companies held meetings and fixed the price of rolled and flaked oatmeal sold to the public under separate brands, according to testimony adduced today in the government's proceedings against the so-called "cereal trust," under the Sherman anti-trust law. The defendants are the American Cereal Company and its subsidiaries. Testimony is being taken before Miss Kate S. Holmes of Chicago, as special examiner.

The meetings of the cereal companies' officers were held in Chicago, Charles L. Plumb, once manager of the domestic sales department of the American Cereal Company, testified. They gave no name to their association, he said, and did not arrange the prices of other cereals. The prices fixed at the Chicago meetings, he said, covered only what are known as competitive brands.

The American Cereal Company controlled the greater part of the cereal business of the country prior to its purchase of the Great Western Cereal Company in 1911, the witness declared. The men who met in Chicago agreed on regional prices for their products, Plumb added.

JAPAN'S MINISTRY.

Count Okuma Completes His New Cabinet With Takaaki Kato Heading Foreign Affairs Office.

(BY ATLANTIC CABLE AND A. P.)  
TOKIO, April 15.—Count Shigenobu Okuma, former Japanese Foreign Minister, today completed his new Cabinet as follows:

Premier and Minister of the Interior, Count Okuma; Foreign Affairs, Takaaki Kato; Finance, Reijiro Wakatsuki; Marine, Vice-Admiral Rokuro Hashiro; War, Lieut.-Gen. Ichinoku Okita; Justice, Yukio Ozaki; Communications, Tokitomi Taketomi; Commerce, Viscount Kanetake Oura; Education, Kitakuro Ichiki.

## Insurgents.

UNION MINERS SPLIT IN TWO.

Declare Organization Has Seen Its Best Days.

Call Leaders Unscrupulous and Dictators.

Fifteen Thousand to Start Another Federation.

(BY A. P. NIGHT WIRE.)  
PITTSBURGH, April 15.—Declaring their officials as "unscrupulous" and "dictators," the miners' organization known as the "dictatorship," and that the United Mine Workers of America, "the only useful union," the "insurgent" mass convention of miners in session at Monongahela, Pa., voted today to withdraw from district No. 8, United Mine Workers of America. A committee was named to launch a new organization to be known as the Industrial Mine Workers of America.

In Monongahela, Pa., was claimed to be a resolution of withdrawal from the district No. 8, United Mine Workers of America, which shall be published by the scale situation.

## BUSINESS NOTICE.

# SELL POWER—NOT BONDS!

## CITY IS OFFERED A MILLION A YEAR FOR AQUEDUCT POWER.

**Power Companies Agree to Buy All the Current Generated. People Protected. State Railroad Commission to Fix Wholesale Price and City Council to Control Retail Rate.**

### Here Is the Formal Offer:

We, the undersigned, hereby agree to stand by our offers of record to purchase all the power to be generated by the aqueduct power plants.

We agree to pay the city the wholesale price to be set by the State Railroad Commission (which would amount to at least \$1,000,000 a year.)

We fully understand that the City Council will protect the people by fixing a low retail rate.

As an alternative, we have offered to enter into a co-operative arrangement with the city for the public use of our complete distributing systems for five years, the city to make all rates, all contracts with the consumers, read all meters, handle all money and collect all bills. The city to pay the companies only such sum as the State Railroad Commission will fix.

In either case the companies could only act as distributing agents for the city.

Either of these plans would materially reduce tax burdens.

Co-operation between city and companies for five years will greatly improve the city's financial standing.

Yours Respectfully,

**Southern California Edison Company,**  
By JOHN B. MILLER, President.

**Los Angeles Gas and Electric Corporation,**  
By WILLIAM BAURHYTE, Vice-President.

**Pacific Light and Power Corporation,**  
By G. C. WARD, Vice-President.

*This advertisement was offered to, and refused by E. T. Earl's Express and Tribune.*

### WHY?

*Evidently so that their readers may not know the TRUTH.*

### CANAL'S EFFECT UPON DISEASES.

Panama's Opening May Cause Pests' Spread.

Dr. Strong Fears Trade Loss More Than Life.

Thinks Necessary Quarantine Would Hinder Commerce.

(BY A. P. NIGHT WIRE.)  
BOSTON, April 15.—Fear that the opening of the Panama Canal will be followed by a world-wide redistribution of yellow fever and cholera, which will cause great commercial loss, was expressed today by Dr. Richard P. Strong, head of the Harvard School of Tropical Medicine.

Dr. Strong was formerly at the head of the government biological laboratory in the Philippines and later became prominent through his work in combating the plague in Manchuria. Last year he led the Harvard Medical School expedition to Peru, where an extensive study of tropical diseases was made.

"The troubles to be feared from the spread of tropical diseases by trade through the Panama Canal," he said today, "are heavy financial losses through disturbance of trade, rather than any great loss of life. Modern medicine has so far mastered the ways of checking infectious diseases that in many civilized countries a great mortality is to be feared from the introduction even of plague, low fever and cholera. For the United States and for Western Europe, the greater peril is to be caused by medical control of the spread of tropical diseases rests first of all on the stoppage of traffic."

"One of the most interesting of not improbable changes in the distribution of tropical diseases is that in the west coast of South America, particularly Guayaquil, may send cholera by way of exchange."

"Cholera has never existed in the west coast of South America; yellow fever is similarly a stranger to India. But the stagnant waters which transfer the organism of low fever from the sick to the well is the commonest species of disease in the Far East and India. The mosquito is known to be able to transmit the infection of yellow fever for at least fifty-seven days after sucking the blood of an infected person."

"The mosquito infected with yellow fever can easily make the voyage from Panama to India; once there it will find a susceptible host of human beings in a number of regions, somewhat rudimentary notions of preventive medicine, but plentifully provided with the kind of mosquito net and insecticide to keep the disease away."

"If yellow fever should be introduced in the Malay peninsula or India, commerce between India and Europe might have to submit to a universal quarantine, with a loss of money hardly to be estimated. By the same way, trade in cholera might find a new market access to the western world. The disease always exists in certain regions in India. The length of the voyage across the Pacific to Panama would give a fair chance to develop actual cases of cholera in a day, and cholera may be transmitted to persons without symptoms of the disease."

**PANAMA BUSINESS.**  
(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 15.—The Panama Canal, which will be opened to traffic on August 15, will be a great boon to the commerce of the world. Figures made public today by the Department of Commerce show that in 1913 two small steamship lines carried \$124,000,000 worth of merchandise from the United States to other ports. Of this trade, two-thirds went westward, the remainder toward the east. Only a few American ships participated in the traffic. New York, for example, shipped \$14,000,000 worth of goods to the Pacific, and \$11,000,000 worth of goods from the Pacific to New York. The Panama Canal will give a fair chance to develop actual cases of cholera in a day, and cholera may be transmitted to persons without symptoms of the disease."

**WITNESSES SCARC.**  
Senate Canal Committee After Listening to Oceanographers' Testimony, Will Hear Shippers' Views.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 15.—The Senate Committee on Commerce and Labor in the Roosevelt Chamber today called the Panama Canal bill, which repeals the 1912 act creating the Panama Canal Commission, before the Senate Canal Commission. Then the committee, which has held numerous hearings on the subject, will continue its work on the bill.

Much uncertainty surrounds the future of the Panama Canal. The Senate Committee on Commerce and Labor, which is expected to report on the bill, is expected to report on the bill. The committee is expected to report on the bill. The committee is expected to report on the bill.

**ARRESTED FOR LARCENY.**  
New York City Police Department today arrested a man for larceny. The man was arrested for larceny. The man was arrested for larceny.

### LIQUOR QUELLED HARD TO D.

Democrats Are Certain Against It.

Both Sides Want Men Put on Record.

House Committee on Suffrage Tuesday.

(BY DIRECT WIRE.—EXCLUSIVE.)  
WASHINGTON, April 15.—On the hearing of arguments in the House prohibition committee today indicated that the committee will be a vote on the liquor question in Congress before the session.

The committee also decided on the woman suffrage amendment next Tuesday. Representative Carlin brought the question of both questions to the committee when the committee convened a chairman of a sub-committee considering the liquor question and as such has been charged with the task of "holding the bag" and that the whole committee resolutions.

**CLOSE VOTE.**  
His motion to fix a date on the Hobson prohibition was defeated 8 to 5 with five absent. Members of the committee who were present considered on its merits it was reported to the House with a recommendation of adoption.

The "dry" believe that the motion will receive the necessary vote in the House and put up to the Senate at this time. The "wets" are equally confident that the motion will be defeated. Both sides expect that the measure will be passed on the question before the Congress adjourns.

**SUFFRAGE.**  
The motion to vote on the amendment next Tuesday was defeated 8 to 5 with five absent. Members of the committee who were present considered on its merits it was reported to the House with a recommendation of adoption.

**PROHIBITIONIST PRESENT C.**  
The motion to vote on the amendment next Tuesday was defeated 8 to 5 with five absent. Members of the committee who were present considered on its merits it was reported to the House with a recommendation of adoption.

**LIVE IN DRY TERRITORY.**  
The motion to vote on the amendment next Tuesday was defeated 8 to 5 with five absent. Members of the committee who were present considered on its merits it was reported to the House with a recommendation of adoption.

**THEY DECLARE TO THE JUDICIARY COMMITTEE THE PROBLEM IS NOW BIG ENOUGH TO BE SUBMITTED TO THE NATIONAL PROPOSITION.**

(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 15.—The House Judiciary Committee today received the submission of the National Prohibition Party, which advocates the prohibition of the manufacture and sale of all alcoholic beverages for domestic consumption. The party is represented by three men and women who presented their arguments to the committee. The party is represented by three men and women who presented their arguments to the committee.

Representative Hobson, who is the party's candidate for the House, argued that the party is represented by three men and women who presented their arguments to the committee. The party is represented by three men and women who presented their arguments to the committee.

## THE CITY AND ENVIRONS.

### EVENTS BRIEFLY TOLD.

#### School Entertainment.

The students of the Los Angeles Junior College yesterday entertained those of the Los Angeles High School with an exhibition of moving pictures in the High School assembly hall. A two-reel production, "Hammam," was among the subjects.

#### Mrs. Butler Slightly Better.

Information obtained yesterday from the Bryson apartment house, where Mrs. Butler is recovering, indicates that her condition has changed slightly for the better, and some hope of her recovery is entertained.

#### On Good Roads.

The good roads of the State will be the subject of N. J. Darlington, Southern California representative on the State Highway Commission, and the State Highway Commission, who will address the commission, who will address the Los Angeles Realty Board at the luncheon today, at the Hotel Clark. Lee C. Gates is chairman of the day.

#### Quarantine Station.

According to advice received yesterday by the Chamber of Commerce from Congressman Stephens, the establishment of a quarantine station at Los Angeles harbor is only a "question of time and hard work." Stephens further stated that the outlook for the station appears to be improving.

#### Benefit for Sick Newborn.

Danny Rooney, well known among the mailers, newboys and employees of several of the city's newspapers, is seriously ill at the Sisters' Hospital. His friends have arranged a benefit dance to be given Tuesday evening, April 21, in Horn's dancing academy at Fifteenth and Main streets, and will devote the proceeds to his relief.

#### Free Tolls Fight.

Determined to carry its fight for free tolls to the last ditch, the Chamber of Commerce sent a telegram yesterday to W. H. Booth, who is in New Orleans, requesting him to proceed to Washington to represent the chamber's position before the Senate Committee on Foreign Relations. The hearing will last until the 24th inst.

#### Home-Coming Week.

Recognizing the importance and to show appreciation of past favors received from Bakersfield interests, fourteen of the directors of the Chamber of Commerce agreed yesterday to accompany the chamber's excursion party, which will leave here on the 24th inst., to participate in the celebration of Los Angeles Day in connection with Home-Coming Week at the big old town.

#### Raisin Day.

At the request of the Fresno Chamber of Commerce, Acting President Bull of the Chamber of Commerce appointed a special committee yesterday, composed of Walter E. Smith, A. C. Cohn, G. A. Ralph, S. M. Goddard, F. H. Mesmore, H. A. Bood, and Edward Colby, to assist in making California Raisin Day one of the most important events in the history of the State's observance of special days.

#### Chemists to Meet.

A meeting of the Southern California section of the American Chemical Society will be held at the Hollenbeck cafe, this evening, preceded by an informal dinner at 6 o'clock. Dr. Wilhelm Hirschkind will speak on "German Chemical Industry including the Manufacture of Synthetic Stuffs." This is a manufacture in which the Germans lead the world. E. F. Thacher, chemist and superintendent of the Hendrie Rubber Company's plant at Torrance, will tell how automobile tires are made.

#### Railroad Commission Hearings.

Commissioner Thelen of the State Railroad Commission held three hearings yesterday in the Supreme Courtrooms in the Bullard building. One was of the application of William E. Ball for authority to convey the Melvin place water plant, valued at \$22,500, to Jesse E. Barker in exchange for a ranch in Madera county; the other hearings on complaints lodged by Charles Michael Whitaker and J. H. Brockman. Whitaker alleged that the Snowball-Sullivan Co., agents for the Palmdale Water Company, had refused to furnish water for irrigating purposes to land owned by him. Brockman attacked certain water regulations of the Inglewood Water Company as discriminatory.

Accompanied by Lady Whyte and Miss Gladys Whyte, both of the William Whyte, former second vice-president of the Canadian Pacific, who died at Coronado Beach, Tuesday, will pass through here tonight in a private car, en route to Winnipeg, where it will be buried. Whyte was 72 years of age and entered railroad service in 1862 as a station master for the West of Erie Railway of Scotland, his native country. Migrating to Canada one year later, he entered the service of the Grand

Trunk, remaining with that road until 1885, when he was appointed general superintendent of the Quebec district of the Canadian Pacific. He was retired from the service of that company five years ago, as second vice-president.

#### French Masque Ball.

The Ligue Francals will give a masque ball in Blanchard Hall on Saturday night. There will be a tango contest and prizes will be given for the best costumed couples. J. C. Butler, president of the league, and head of the Committee of Arrangement.

#### Dr. Phelps at Occidental.

Dr. Arthur S. Phelps, who has just returned from a trip around the world, will deliver an address before the students of Occidental College, at 11 o'clock, Friday morning. Dr. Phelps received his honorary degree from Occidental and is deservedly popular there. The public is invited to the gallery.

#### Sierra Club's Outing.

The Southern California section of the Sierra Club will celebrate "Maui Day" at Maui Lodge on Saturday and Sunday, leaving for Sierra Madre at 3:05 on Saturday afternoon. From there they will walk to the lodge, and will have a special programme that evening, when the speakers will be George Wharton James and A. C. Vroman.

#### Banquet to U. S. Marshal.

The Democratic County Central Committee will give a banquet at the Los Angeles Athletic Club tomorrow evening in honor of United States Marshal Walton, recently appointed. James D. Marshall, U. S. Marshal, will be toastmaster. A large delegation has arranged to come from Bakersfield in a special car.

#### Efficiency of Army.

Action by Congress to increase the efficiency of the army and place it on a permanent war basis will only be obtained when so desired by the people, according to a statement made by Assistant Secretary of War in a letter to the chamber on the subject, March 15.

#### Benefit Performance.

Admiral Glass Camp, United Spanish War Veterans, has purchased the entire seating capacity of the Burbank Theater for next Monday night, and invite all their friends to witness "An Act of Kindness" on that night. The proceeds will be devoted to the purchase of a burial plot in Rosedale cemetery. The boxes have already been sold to officers who took part in the war with Spain, in the Philippines and in China.

#### G.A.R. Encampment.

Two special trains carrying delegates to the forty-seventh annual encampment of the Department of Nevada and California, G. A. R., at San Diego, will leave here May 4. Arrangements for these trains were made yesterday. One train will carry the headquarters staff from here to the other train the delegates from the San Francisco bay district, headed by Past Department Commander Thomas.

#### Returns Leisurely.

Traveling in the private car Comptroller of the Chamber of Commerce, a multi-millionaire food manufacturer, on his spectacular dash from here to Rochester, Minn., by special train a month ago for an operation at the Mayo Institute, created country-wide interest, will arrive here on the Santa Fe Overland Express at 7:10 o'clock Sunday morning, en route to his home at Santa Barbara. Post, accompanied by his wife and a physician.

### BUSINESS BRIEVITIES.

British subjects are requested to send their addresses to the undersigned. British-born persons owning property in California are advised to execute wills appointing resident executors. C. W. Mortimer, British Consul, 744-E International Bank Bldg., 445 South Spring street.

Play suits for the younger boys to wear this summer! Splendid "Rough-and-Tumble" suits for children, "Little Tuds" and "Oxley" suits—a good assortment at 50c in our Boys' Department. Harris & Frank, No. 427-445 South Spring street.

For quick action drop answers to Times "liners" in Times' liner boxes in downtown office buildings. The contents of the boxes are printed in the first column of The Times "liner" section.

Water Tank Collapses. [LOCAL CORRESPONDENCE.] FULLERTON, April 15.—Poor construction is said to be responsible for the collapse of a water tank of 26,000 gallons capacity at Placentia. It was erected upon the site of a former tank, formed a part of the Placentia Domestic Water Company, supplying the business and residential sections of the new city. Another tank remained standing, and the convenience of the consumers will not be affected by the accident. The construction of a new reservoir of 50,000 gallons, it is announced, will be proceeded with at once to afford protection to the town from fire.

Well, they've probably fought it all out up there. No telling whether they're older or younger than we are. No telling how much they know. It's quite possible that they have forgotten more than we will know in the next ten thousand years. All we can do is to speculate and do the best we can with conditions as they arise. It's just this "do-the-best-we-can" idea that has made us the leading tailors of the Southwest. And our business is "some" business. You ought to see our \$20 suit-order special.

Stiff Joints and Pains? MUSTEROLE Quickly Relieves

Keep a jar in the house. It is the premier remedy for Backache, Sore Joints or Muscles, Rheumatic Pains, etc.

MUSTEROLE is a clean, white ointment made with oil of mustard. It penetrates to the seat of pain and drives it away, but does not blister the tender skin.

It takes the place of the mussy, old-fashioned mustard plaster.

MUSTEROLE is recommended for Bronchitis, Croup, Asthma, Pleurisy, Lumbago, Neuralgia, Sprains, Bruises, Stiff Neck, Headache and Colds of the Chest (It prevents pneumonia).

At your druggist's—in 25c and 50c jars—and a special large hospital size for \$2.50.

Accept no substitute. If your druggist cannot supply you send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio, and we will mail you a jar, postage prepaid.

P. R. L. SECORD, 118 W. 12th St. New York City, says: "Please send me for free use, a good size jar of Musterole, as I find it most beneficial for applications on patients."

## THE WEATHER

(Official Report.)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, April 15.—Forecast for April 16, 1914. Temperature: 20.84; at 5 p.m., 20.61. Thermometer for the corresponding hours showed 20.04 and 22.04. Relative humidity, 5 a.m., 50 per cent; 5 p.m., 50 per cent. Wind, 5 a.m., northeast, velocity 6 miles; 5 p.m., west, velocity 6 miles.—Highest temperature, 81 deg.; lowest, 60 deg. Rainfall for season, 25.36 inches. Barometer reduced to sea level.

WEATHER CONDITIONS.—Showers occurred in Pennsylvania and in the District of Columbia, and along the North Pacific Coast south of San Francisco. The heaviest rainfall, 30.0 of an inch, fell at Eureka. A trough-like depression is forming over the Pacific Slope from Alberta to Arizona, resulting in increased temperatures and cloudiness over Montana, Idaho, Nevada and Utah. The effect of this depression locally will be to give Los Angeles and vicinity periods of cloudiness during the ensuing thirty-six hours.

LOCAL FORECAST.—For Los Angeles and vicinity: Fair, with intervals of clouds; northerly winds, backing to southerly. For California south of the Tehachas: Fair Thursday.

STATE FORECAST.—SAN FRANCISCO, April 15.—Forecast: San Francisco, Oakland and vicinity: Fair Thursday; light northerly breeze. Sacramento, Santa Clara and San Joaquin valleys: Fair Thursday; light northerly breeze. Southern California: Cloudy Thursday; light west breeze. Arizona: Fair Thursday and Friday; little change in temperature. YUMA (ARIZ.) April 15.—(Exclusive Dispatch from the U. S. Reclamation Service.) Gauge tonight Colorado River, 20 feet.

## TIGERS SMEARED BY BARRISTERS

But It Takes Them Half a Day to Do It.

Score Is Tied Up Several Times.

Lawyers Sew Up the Game in the Eighth.

BY WILLIAM M. HENRY.

U.S.C. Law, 8; Occidental, 5. The fortitude of the mariners in the days of Nero was nothing compared with that displayed by a few suffering mortals who yesterday afternoon sat through nearly two hours and a half of baseball.

To make it worse, the brand of baseball handed out was almost as bad as that dished up regularly in the Coast League games.

Two long-suffering young men answering to the names of Barclay and Montijo occupied the mound during the afternoon, Montijo suffering long.

Montijo started out like a Walter Johnson, fanning Wright on four pitched balls. Patterson, next man up, was feloniously assaulted in the southwest portion of his anatomy and fanned to first. Millikan here won another game by striking the ball to center for three bases, scoring Patterson and coming home a moment later on Holloway's single. Rives smashed out another three-bagger, scoring Holloway, but the game was ended by Canepa and Walsh, who were easy outs.

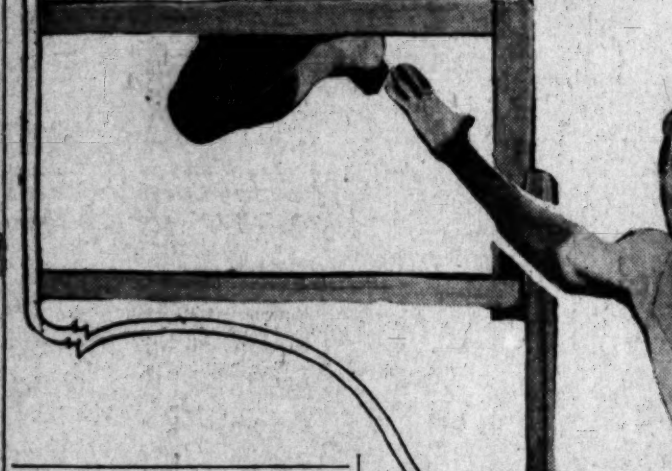

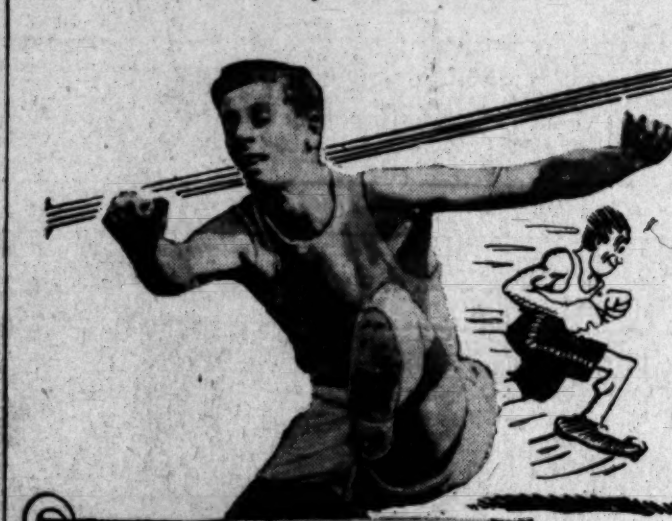

Occidental came back in their half with a four-run outburst. Kirkpatrick walked, Porter singled, Allen singled and McKellar singled, scoring both men. Johnson flew out. Singles by Crawford, Mackintosh and Foster set two more runs. Rives scored. The second inning passed by very peacefully except for a vocal outburst on the part of Bill Mason, which was sternly quelled by Umpire Knowlton.

SCORE TIED. The inability of Messrs. Mackintosh and Crawford to keep their feet allowed the Barristers to tie the score in the third. Rives walked, and that young man tripped over a passing sand pile, placing Rives on third and Walsh on first. Young popped to Crawford, and he, usually dependable, fell flat on his nose. Rives scored on the play, but Walsh became so interested in watching that operation that he was jabbed in the ribs with the ball by Porter half-way between second and third. Barclay was an easy out.

In the fifth, Law School took the lead through the munificence of Aid Foster. Canepa singled, a passed ball put him on second, and a wild throw to center field allowed him to come home. And all this time there were two down and two strikes on the batter.

The Tigers tied it up again in the seventh. Allen walked with one down, McKellar and Johnson singled, converting the trailing on the bases. Canepa slammed out a long fly to Millikan and Allen came home. With men on second and third, Mackintosh

## Can They Come Back?

gracefully and fruitlessly waved his bat at three strikes.

THE END.

The game went up the flue, as far as the Tigers were concerned, in the eighth. Silverstein singled, Young fouled out, Barclay singled and Wright struck out. A passed ball advanced both runners. Harry Hirsch stepped manfully to the platter, watched a couple float by, writhed on the ground in mortal agony when a fast one grazed his solar plexus, and then singled over first, scoring Silverstein and Barclay, who were greeted with a speech of welcome by Bill Mason. Millikan scored Hirsch with a single and Holloway flew out.

There was nothing doing in the ninth. The umpiring was quite an improvement over that of a week ago. Knowlton is a gentleman with a good eye, thick neck, determined jaw, and, above all, a beautiful tenor voice.

THE SCORE: U.S.C. A.R. H.R. P.O. A.E. Patterson, 1 1 0 0 0 0 0 0 1; Millikan, 1 1 0 0 0 0 0 0 1; Rives, 1 1 0 0 0 0 0 0 1; Walsh, 1 1 0 0 0 0 0 0 1; Young, 1 1 0 0 0 0 0 0 1; Barclay, 1 1 0 0 0 0 0 0 1; Totals, 5 5 0 0 0 0 0 0 5.

Occidental: Kirkpatrick, 2B, 4 1 0 0 0 0 0 0 0; Porter, 1B, 4 1 0 0 0 0 0 0 0; McKellar, 3B, 4 1 0 0 0 0 0 0 0; Johnson, 2B, 4 1 0 0 0 0 0 0 0; Crawford, 1B, 4 1 0 0 0 0 0 0 0; Mackintosh, 2B, 4 1 0 0 0 0 0 0 0; Foster, 1B, 4 1 0 0 0 0 0 0 0; Totals, 28 12 1 27 5 1.

U.S.C. by innings: 1 2 3 4 5 6 7 8 9. Run, 1; Hit, 1; Error, 0. Occidental: 1 2 3 4 5 6 7 8 9. Run, 5; Hit, 12; Error, 1.

Equalized.

## GOLF COURSES FOR TOM MORRIS PLAY ARE FIXED.

[BY A. P. NIGHT WIRE.]

CHICAGO, April 15.—A new scheme of play, by which the differences of the courses are equalized in play against "Tom" for the Tom Morris golf memorial, was announced today by the Western Golf Association.

On Decoration Day matches will be played in all clubs planning to compete in the Tom Morris. Par for the memorial match will be set at an average of the five best scores for each hole.

R. R. Stone, secretary of the asso-

ciation, explained that the arbitrary club par based on the distance between holes had many times worked serious disadvantage to many clubs. "I have known clubs," he said, "with a difference of as much as 100 yards in the courses, where the longer course would have the smaller par, caused by a difference of only a few yards at several holes.

"The new plan of arriving at par will equalize the difference in the courses."

The Tom Morris memorial will be played June 16.

Back Again.

## EARL HAMILTON FORSAKES FEDERALS FOR THE BROWNS

[BY A. P. NIGHT WIRE.]

PARSONS (Kan.) April 15.—Earl Hamilton, pitcher, who jumped from the St. Louis American League baseball team to the Kansas City Federals last Thursday, agreed today to join the St. Louis team. Hamilton reached this decision after an all-day conference with President Hedges of the St. Louis club at Hamilton's home in Oswego, Kan., near here.

President Hedges arrived at Oswego last night and met Hamilton by appointment. Hamilton's family joined President Hedges in urging the pitcher to return to the St. Louis club.

Hamilton and Hedges left for St. Louis tonight. While there would discuss the day's developments, Hamilton told friends he was getting a "big increase" in salary from the St. Louis club and considered it to his interest to again join the St. Louis team.

In company with his father, M. C. Hamilton, the ball player and President Hedges drove from Oswego to Columbus, Kan., a distance of twenty miles, in a motor car to take the train for St. Louis. Hedges' fear that legal action on the part of the Kansas City Federals might deprive him of Hamilton's services, friends say, caused him to keep his mission a se-

cret until he had Hamilton safely on his way to St. Louis.

President Hedges said Hamilton would rejoin his team-mates in the Chicago series, which opens on April 18.

Hamilton's father really was the big influence in his returning to the American League. President Hedges wrote to the elder Hamilton, asking him to arrange a meeting with the pitcher at the Hamilton home.

EDDIE MAIER IS STRONG FOR DREW. Eddie Maier, president of the Venice Tigers and well known as a local sportsman, is also a booster for amateur sport.

Yesterday, the ball magnate contributed the sum of 100 pesos toward the fund which is to send the track athletes of the University of Southern California to Philadelphia for the athletic games.

Maier insisted that his contribution be used for the expenses of Howard Drew, the gifted runner who is considered one of the greatest sprinters ever developed in America.

Princeton University's new stadium will have a cinder track as well as a football field.

It's up to them.

Deming MacLise (above) and Ed Stanton (below) of California, who two years ago won both hurdles and both sprints against Stanford, but last year were out of the running through accidents. Neither has competed in a meet this year, but upon their showing Saturday may depend the outcome of the meet.

Poor Hen.

## BRILLIANT FIELDING BEATS CRIPPLED ANGELS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO, April 15.—San Francisco fell back on fielding stunts yesterday to beat the Angels, and, while there were plenty of thrills all the way, it was a throw from center to the home plate by Joe Tobin that cut off the Angels in the earlier stages and Mundorf's clever stunt in throwing out Earl Maggart at first base, what by rights should have been a single to right field, that counted as much as anything else. All of which, along with a passed ball on Boles and the fact that Field Captain Abstein engaged Crabb in conversation, which gave Bing Corban a chance to steal home from third, will account in large part for the second successive victory of the southerners, to the tune of 2 to 1.

Lefty Leifeld did the twirling for the victors, and had Downs performed anywhere near to the form of his fellow-playmates, it would have been a shutout that might have been registered. Where the others speared in the fielding stunts that meant the cutting down of runs, Jerry missed fire on an easy grounder, which gave the southerners their one lonesome tally.

For the time being, it evened the score, turned the game Corban's sensational spurt for the plate as Crabb was talking over the situation with Abstein, and finally Joe Tobin's home run over the right field fence. The Angels, already in crippled condition, suffered another mishap when Ryan, in fouling off a pitched ball in the second inning, threw a finger out of joint and wrenched a tendon. The report followed that he had broken his hand but a later announcement was less alarming, and his team manager announces that Ryan will not be long out of the harness. Crabb pitched a good game in his follow-up act, but it wasn't quite good enough to win over the lead of the Seals.

LOS ANGELES. Water, 1 1 0 0 0 0 0 0 0; Maggart, 1B, 4 1 0 0 0 0 0 0 0; Tobin, 2B, 4 1 0 0 0 0 0 0 0; Downs, 2B, 4 1 0 0 0 0 0 0 0; Mundorf, 2B, 4 1 0 0 0 0 0 0 0; Crabb, 2B, 4 1 0 0 0 0 0 0 0; Schmalz, 2B, 4 1 0 0 0 0 0 0 0; Leifeld, 2B, 4 1 0 0 0 0 0 0 0; Totals, 20 1 5 24 14 2.

SAN FRANCISCO. Leifeld, 1 1 0 0 0 0 0 0 0; O'Leary, 1B, 4 1 0 0 0 0 0 0 0; Downs, 2B, 4 1 0 0 0 0 0 0 0; Mundorf, 2B, 4 1 0 0 0 0 0 0 0; Crabb, 2B, 4 1 0 0 0 0 0 0 0; Schmalz, 2B, 4 1 0 0 0 0 0 0 0; Leifeld, 2B, 4 1 0 0 0 0 0 0 0; Totals, 28 3 4 27 14 1.

SCORE BY INNINGS. 1 2 3 4 5 6 7 8 9. Los Angeles: 0 0 0 0 0 0 0 0 0. San Francisco: 1 1 0 0 0 0 0 0 0.

SUMMARY. One run, 1 hit, 2 errors, 9 at bat. Home runs—Maggart, Corban. Three-base hit—Downs. Two-base hit—Tobin. First on base—Downs, O'Leary. Struck out—by Crabb, 2; by Leifeld, 7. Charge defeat to Crabb. Hit by pitcher—Corban, by Crabb. Left on base—Los Angeles, 5; San Francisco, 6. Run, responsible for—Crabb. Passed ball—Boles. Time of game—11, 40m. Umpire—Finney and Flynn.

Eliminating Danger. Officials of the Automobile Club of Southern California, in a desperate effort to eliminate automobile accidents in Southern California, are exerting the full force of the organization to provide safety for motorists.

Warning signs are being erected wherever the need is shown. National attention has been focused upon Southern California as a motoring paradise as a result of the activities of the automobile club. Work, progress, considerable, in the repairing of roads since the storms of a month ago, has necessitated renewed activity upon the part of the club.

When it was learned yesterday by Standish L. Mitchell, secretary of the auto club, that many motorists were seeking to use the road leading across the old Ostich Farm bridge, unaware that this bridge was washed out by the rains, signs were immediately

## MACLISE AND STANTON TO TRY TO COME BACK.

AN Deming MacLise and Ed Stanton come back?

That is the big question that is worrying both California and Stanford at the present time. It will be answered Saturday when the two veterans compete on the Stanford track in the annual dual meet between the two universities.

Two years ago these two youngsters sprang into the limelight. MacLise as a Soph and Stanton as a freshman, when between them they ran away with twenty points in the big meet.

MacLise beat the renowned Eddie Beeson in both hurdle races, making 18 2-5 in the high and 31 2-5 in the low.

Last year Stanton pulled a tendon just as he was rounding into first-class shape and was unable to show anything. This year he started to get into trim and then hurt the old muscle. He has merely been jogging and will run his first hard race in the 100 Saturday.

If Stanton and MacLise can break into the Stanford points in the sprints and hurdles there is a chance for California to upset the dope and capture the meet.

low. Last year he was a victim to the doctors' knife and didn't compete, and this year he has been kept out of the meets by a strained muscle.

Saturday MacLise will compete in the low hurdles and will be up against the race of his life. Murray and Norton, the Cardinal pair, are both good for 25 flat and MacLise will have to be in wonderful shape to get into the money.

Ed Stanton, after being a rather mediocre low hurdler and 410 man down here running for the Los Angeles High School, went up to California and in one season was transformed into a first-class sprinter. He defeated Tom Coleman in both sprints in good time and then defeated Ira Courtney when that young man was in the heyday of his career.

Last year Stanton pulled a tendon just as he was rounding into first-class shape and was unable to show anything. This year he started to get into trim and then hurt the old muscle. He has merely been jogging and will run his first hard race in the 100 Saturday.

If Stanton and MacLise can break into the Stanford points in the sprints and hurdles there is a chance for California to upset the dope and capture the meet.

## WIRE TICKS.

[BY A. P. NIGHT WIRE.]

The National Aerial Club of Paris is arranging with the Russian Aero Club for a trans-Siberian flight from St. Petersburg to Peking, a distance of 6600 miles.

Johnson, with his team of Siberian wolves, is leading in the Alaska dog race. Fred Ayer and Scotty Allen are close behind. Leon Seppala is out of the race, having fallen over a cliff.

Jack Johnson has cabled from Paris that he will return to the United States after the Moran fight and stand trial on the white slave charge when his case comes to trial the second time.

Jake Daubert, captain and first baseman of the Brooklyn Nationals, will stand trial on charge of playing Sunday baseball. He is part owner of a semi-professional team that plays Sundays.

## DIVERS TO MEET AT SPORTSMEN'S SHOW.

Les Henry, one of the leading swimming promoters in the West, has been secured to manage the diving contests which will be made one of the features of the Outing and Sportsmen's show to be held in Fiesta Park in May.

A large tank will be placed in the center of the arena and a tower erected to the roof of the tent. There will be diving classes for men, women and juveniles. In addition to those who will take part in the contests there will be exhibition divers by several of the best women divers in the West.

Arrangements are now being made to have the champion of Los Angeles and the champion of San Francisco meet in a series of contests.

If Fred C. Thomson has decided to defend his title as all-around champion athlete in 1915, as reported, there is reason to hope he may be persuaded to go to Berlin in 1916 as a member of the Olympic team.

Blake Team Beats Rex.

Wicker and Grover, representing the Blake billiard hall, defeated Fraser and Ford, from the Rex rooms, last night at Blake's by 15 balls to 63 in the first block of a team match for 200 balls at pocket billiards. Ford made high run of twelve.

The second block is to be played to-night at the Rex billiard rooms, No. 524 South Spring street.

## Cities and Towns South of Tehachepi's Top Los Angeles County News

PASADENA.  
TRAIN TOSSES  
AUTO ON HIGH.

Driver Leaps from Machine  
Just in Time.

Mountain Fastness in Six  
Acres of Ground.

Chamber of Commerce Plans  
for New Members.

[LOCAL CORRESPONDENCE.]

PASADENA, April 16.—John Hamilton, an auto-truck driver for the Chaffee Grocery Company, was "stalled" on the Santa Fe track, with the limited coming along. He made several futile attempts to start the machine and then leaped from it.

He was just in time. Almost at the very instant he cleared the track the cowcatcher of the engine struck the truck and hurled it high into the air. It came down in a ditch on the west side of the track, a total wreck. The driver was uninjured.

THE NEWEST OUT.

An \$8000 garden, the acme of landscape architectural skill, and all to gain the effect of a mountain fastness in miniature within the Pasadena city limits, is a project launched by E. J. Marshall of Los Angeles. He is the owner of a six-acre tract of land facing the Arroyo Seco and adjoining the famous Busch sunken gardens on the north. A corps of gardeners are now at work and Marshall expects to transform the property into a fairland of fancy that will surpass the Busch gardens themselves.

Although much work is being done with painstaking care, the scheme is to be entirely rustic. There will be no cement sidewalks, no ornate parterres. Instead there will be miniature mountains, chasms, apparently natural springs that will be fed by hidden water-pipes, babbling brooks and clinging mosses and flowering vines. Most of the grading has already been done.

AFTER MORE MEMBERS.

The Board of Trade yesterday inaugurated a campaign to increase its membership on more extensive lines than any that preceded it. At a meeting of the directors yesterday a Membership Committee of 100 was appointed and 1800 letters were sent out to business men of the city inviting them to put their names on its membership roll.

CITY BRIEFS.

Stanley Field, vice-president of Marshall Field & Co. of Chicago, who passed most of the winter at the Hotel Raymond, left yesterday for his eastern home.

Henry Newby and W. H. Van Nuy appeared before the City Commission yesterday with a proposition to sell to the city the Franklin wells as an addition to the municipal water department.

Rev. A. R. Tillman, who is to be toastmaster at the Ten Thousand Club banquet at the Hotel Monterey, presented yesterday with a handsome gold watch by the members of the Universalist Church, of which he is the pastor.

Dr. Francis Alvin Weir of No. 201 North Madison avenue, an old resident of the city, died yesterday at his home, at the age of 75 years. He leaves a widow, three sisters and three brothers. The sisters are Mrs. N. B. Barrett of San Francisco, Mrs. W. W. McDonald of Albuquerque, N. M., and Mrs. Louis Fabinger of Elizabeth, Ill. The brothers are J. S. Weir of Topeka, Kan., and A. H. Weir of Los Angeles. The funeral services will be held at 2 o'clock tomorrow afternoon at the residence. The body will be placed in a mausoleum at the Inglewood Cemetery.

Today will be the first day of the three-day clean-up campaign in which the city officials are co-operating with the women's clubs of the city and the girls of the Pasadena High School. The work began yesterday and those living east of Marengo avenue are to have their boxes of rubbish set out for collection by the city this morning.

A petition to the State Railroad Commission asking that the Santa Fe Railroad be compelled to lower its tracks to grade at the intersections of Sierra Bonita and Elm avenues is being prepared by City Attorney Munger.

City Commissioner Hamilton, who was formerly superintendent of schools of Pasadena in a letter read at a meeting of the New Century Club last Tuesday night urged that more men be employed as teachers in the Pasadena schools. He also dealt with the subject of sex segregation.

Motion pictures of the 1914 Pasadena Tournament of Roses are being shown at a local theater by the Tournament of Roses Association and are proving a great attraction to those in the city who saw the tournament as well as to tourists who came to late.

Hotel Vista del Arroyo, Pasadena.—[Advertisement.]

SOLDIERS' HOME CHANGES.

New Men Put in Clerical Positions  
Voice Those Who Resigned—Four  
More Veterans Gone.

[LOCAL CORRESPONDENCE.]

SOLDIERS' HOME, April 15.—A number of changes in clerical positions are taking place at this time. Of the more important are R. A. Howard, a former quartermaster-sergeant in the United States army, is appointed commissary (civilian) clerk in the quartermaster storehouse, vice Varney, resigned. The latter is a veteran of the Spanish War. Charles W. Haskell, formerly of Co. L, First Colorado Infantry, Spanish War, promoted from clerk to quartermaster-sergeant, Civil War veteran, and Meredith Chamber, Spanish War veteran, are appointed clerks in the quartermaster's office, vice McKay (civilian), resigned.

RECENT DEATHS.

Samuel A. Thomas, formerly of Co. A, First Maine Heavy Artillery, a native of Maine, admitted from Orling, Wash., in 1912, died April 12, aged 78.

William McBride, formerly of Co. G, Sixteenth Maine Infantry, a native of Maine, admitted from Los Angeles in 1901, died April 12, aged 79.

ONE KILLED, FIVE BURNED  
IN GASOLINE EXPLOSION.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

INDIO, April 15.—One man incinerated and five seriously burned was the result of the explosion of a tank carload of gasoline this afternoon on the Southern Pacific track here.

The lower part of the tank bursting, the escaping oil took fire, burning to death a Mexican, probably a railroad employee and unidentified, and scattering blazing fluid all around.

Postmaster H. E. Gard and M. H. Shaw, a merchant, with three other men standing near the siding, were badly burned.

Six loaded freight cars were consumed before the volunteer fire department of the town saved the remainder of the freight train.

Gard and Shaw were taken to the hospital at Banning and are not expected to live.

San Pedro.

BIG FREIGHTER  
ENTERS PORT.

EASILY STEAMS INTO INNER  
HARBOR TO PIER.

Mexican Is One of Largest in  
American-Hawaiian Fleet and  
Greatest Which Ever Entered  
Close-In Channel—Fire Chief Pre-  
pares Plans for Boats.

[LOCAL CORRESPONDENCE.]

SAN PEDRO, April 15.—The American-Hawaiian steamer Mexican, the largest vessel that ever entered the inner harbor, arrived here today and was taken to the new berth of the company at municipal pier A on the Mormon Island channel. The big freighter attracted much attention along the water front as she came up the channel, with Capt. C. N. Krog, one of the city's port pilots, on the bridge. Capt. Krog experienced no difficulty whatever in handling the big steamer in the channel and berthed her safely at the new wharf easily and quickly.

The Mexican is the largest steamer in the big fleet of the American-Hawaiian Company with the exception of her sister ship, the Columbian, and the Arizonan. The Mexican is 500 feet over all and has a net tonnage of 5593 and a carrying capacity of 12,000 tons. The Arizonan has a net tonnage of 5621.

The Mexican will discharge 1600 tons of Atlantic Coast cargo here for Los Angeles wholesalers, which was transhipped to Salina Cruz over the Tehantepec Railway. She will proceed to San Francisco Friday noon.

NEW FIREBOAT.

W. F. Durr, secretary of the San Pedro Chamber of Commerce, has received from Archie J. Eley, chief engineer of the Los Angeles fire department, the plans for the proposed fireboat for Los Angeles Harbor, for which the lumber and wharf men of the harbor are contributing. The Finance Committee of the City Council, the boat would make the water front absolutely independent of fresh water in case of fire. The specifications call for a boat 100 feet long with a twenty-foot beam, equipped with gasoline engine, with twin propellers to give a speed of fourteen knots. Four pumps are provided with a capacity of 8000 gallons per minute. The boat will be required to operate the boat who will be quartered in the firehouse at the mooring point. The cost of the boat and other fire-fighting apparatus needed for the harbor district is estimated at \$100,500.

Ontario.

FILL VACANCIES  
ON THE BOARD.

SCHOOL AFFAIRS TO GO ON WITH-  
OUT DELAY.

County Superintendent's Ultimatum  
Clears Old Body of Two Mem-  
bers—Appointments to Take Effect  
in May—Trouble Over City  
Head Results in Reorganization.

[LOCAL CORRESPONDENCE.]

ONTARIO, April 15.—Judge C. H. Whitney and J. C. Wright were this afternoon appointed to fill the vacancies left on the Ontario School Board by the resignation of Mrs. Marie W. Jenson and J. O. Mills, following the receipt of an ultimatum from County Superintendent of Schools A. S. McPherson that as long as W. J. Alexander retains the office of the school superintendent, the Ontario schools no longer from State or county will be forthcoming.

The appointments were made this afternoon by Supt. McPherson, who also appointed Whitney to the position of clerk of the local board until the May meeting, when the board will organize. The appointments were hastened because the local board was left with but one member and no clerk.

Wright's appointment followed the presentation of a petition to the county superintendent urging his candidacy and Whitney was selected as a candidate for the school board at a meeting called for the purpose before the recent school election, when it was understood that two vacancies would be filled instead of one. J. L. Armstrong was recently elected to fill the vacancy at the expiration of the term of B. F. Warner.

Whitney, who until May 1, 1915, and Wright until May 1, 1916, will be the new board.

MINISTERS AT AVALON.

AVALON, April 16.—Sixty Congrega-  
tional ministers, who have been  
passing the week here, among whom  
are Dr. C. F. Aker of San Francisco  
and other prominent ministerial  
workers, plied at Camp Banning  
as guests of the Avalon Congrega-  
tional Church and its members today.

The party left Avalon on the glass-bottomed boat Empress and returned at 6 o'clock. Since Monday the morning sessions have been executive, but the afternoons have been spent in fishing and other recreations. This is the third year of the meeting, which has been named "the annual retreat" and have promised to make the Catalina trip an important factor and a regular meeting place.

CHINO ELECTION  
WAR SPREADING.

WARRANT IS ISSUED AGAINST AN-  
OTHER EDITOR.

Preacher Takes to the Law to Settle  
Alleged Libel—Young Republic-  
ans to Gather in Mass Meeting.  
Salt Lake Officials Take Look at  
the Country.

[LOCAL CORRESPONDENCE.]

SAN BERNARDINO, April 15.—A third warrant was issued here tonight in the Chino election war, it being for D. D. McDonald, editor of the Chino Herald, and the charge is the same, libel, as against Editor Homan of the Champion, and John Wildeman, made yesterday.

The complaint in the latest case is sworn to by Rev. O. C. Lazure, pastor of the Methodist Church at Chino, and one of the leaders of the so-called Good Government League, who has had considerable prominence in the Chino city campaign and in other political movements throughout the county.

McDonald is charged also with circulating an anonymous circular, and it is expected he will be arrested in the morning. The complaint is returned by a retailer for the arrest of Homan and Wildeman yesterday. They were released on their own recognizance by a justice at Ontario, before whom they were brought for trial.

MASS MEETING.

The Republican campaign in this city and county will be opened Saturday evening when a mass meeting of voters will be addressed at the Courthouse by Congressman Joseph H. Knowland of Alameda. The meeting will be held under the auspices of the Young Republican Club of this city, and invitations have been sent to the local party workers and to the towns to attend the meeting and hear a discussion of the issues.

It is expected a large audience will be present, and the speaker will discuss the issues that are now uppermost with Californians, the candidates and the fight.

The candidate who addressed the San Diego rally from this city returned home fired with enthusiasm for the party's outlook in the coming election. The registration is leaving a still wider gap between the Republicans and Progressives daily in this county.

A LOOK.

A party of Salt Lake officials, headed by General Manager Nutt, spent several hours here last night looking about the city and adjacent country, leaving late in a private car for the North. The frequent and lengthy visits of the Salt Lake officials to this city, together with the fact that several surveys have been made through this city for the connecting link between Daguerre and Riverside and the fact that the city has confirmed the belief that in the near future the line will be built, thus giving the road its own track through this territory.

NEWS BRIEFS.

F. R. Greenleaf, secretary of the California Orange Boosters, was here this afternoon for a conference with the local party workers. He is in charge of a branch in this city. It was decided to effect the organization at the joint banquet of the Chamber of Commerce and Merchants Association tomorrow night.

The second municipal tango last evening brought a crowd of more than 5000 persons to enjoy the dancing on the new pavement on D street, between Second and Third. Colored couples were prominent in the throng, and a band furnished music for several thousand dancers.

Frank Brownlee has accepted \$5000 to build a house for the city of San Diego, to be located on the corner of Third and B streets, and a band furnished music for several thousand dancers.

YOUNG REPUBLICANS.

Dist. Atty. Fredericks and Congress-  
man Knowland to Speak at San  
Diego Tomorrow Night.

[LOCAL CORRESPONDENCE.]

SAN DIEGO, April 15.—Dist. Atty. Fredericks of Los Angeles county and Congressman Knowland of Alameda will be the speakers at the meeting of the Young Republicans Club Friday evening in Germania Hall. E. L. Davis, president of the club, is arranging for a big meeting.

The Chamber of Commerce will entertain the speakers and show them about the city Friday, while here. A drum corps is being organized by the club for the campaign, and a permanent band is being established. You may 1 in the Rice-Landwich building.

The G.A.R. boys and their wives danced the Virginia reel and the quadrille tonight at the Armory, while their children danced the tango and the waltz. The dance was given by the G.A.R. encampment of California and Nevada, to be held here next month. Veterans of 70 and 80 years danced the reel, while Comrade Eugene DeBarn called the figures, as in the days of the Civil War.

MINISTER RESIGNS.

[LOCAL CORRESPONDENCE.]

ORANGE, April 15.—Rev. W. A. Jackson has resigned as pastor of the First Presbyterian Church and will leave soon to take charge of the Presbyterian Church at San Luis Obispo. His resignation was accepted after his congregation had passed a resolution thanking him for his work here.

FIGHT PLAGUE  
WITH MILLION.

Physicians to Ask State to  
Appropriate Fund.

Would Teach School Pupils  
to Combat Disease.

High Winds in Channel En-  
danger Shipping.

[LOCAL CORRESPONDENCE.]

SANTA BARBARA, April 15.—The following officers were elected tonight by the State Medical Society, which is holding its forty-fourth annual convention here:

President, Dr. Harry H. Sherman, San Francisco.  
Secretary, Dr. Phillip Mills Jones, San Francisco.  
First Vice-President, Dr. George Hare of Fresno.  
Second Vice-President, Dr. Rexford Brown, Santa Barbara.

The complaint in each of the eleven cases tells the same story. Birch had control of a majority of the stock of the Menges Oil Company. Just before the great Brea well, which produces \$3750 worth of oil and gas per day, was brought in, Birch persuaded the minority stockholders to sell their stock for \$2 a share. It is alleged that when purchasing the stockholders, Birch knew of the prospects for a big well, but withheld the information from the stockholders, whom he represented as president and general manager of the company.

WOULD RESIGN.

It became known today that D. S. Halladay expects to resign as chief engineer of the County Highway Commission, which position he has held since 1910. That Halladay intends to sever his connection with the

SANTA BARBARA, April 15.—To place upon the ballot in November a proposition appropriating \$1,000,000 to be used in an attempt to solve the giant "white plague" problem is the hope of the State Medical Society, which is holding its forty-fourth annual convention at the Potter Hotel in this city. Such action was strongly advised by Robert A. Peers, president of the society, in a lengthy address today, and it was given hearty endorsement by a number of other prominent physicians of the State.

The subject of tuberculosis occupied nearly the entire day, being considered one of the most important problems facing the medical world. Physicians favoring that they come out the need for education of the laity in the campaign against tuberculosis, urging that instruction be given in the grammar schools, the high school and the universities, that the public may become thoroughly conversant with the measures for preventing the disease.

He told of the obstacles which the society has encountered in seeking to have the State appropriate funds for the advancement of the profession by adopting higher standards of medical education. He said there was an apathy among the doctors as to the laity in facing the problems which tuberculosis presents and he declared that the physicians and the public in California are victims of tuberculosis.

EARLY SYMPTOMS.

Dr. George E. Ehrhart of San Francisco read a paper which set forth the necessity of discovering the early symptoms of tuberculosis, declaring that the disease in the adult is but a continuation of it from infancy or childhood, and if the symptoms had been recognized in the child the disease would have been cured.

These symptoms are too frequently ignored or confused, he said, the physician failing to recognize the early signs of the disease. He said that the symptoms are too frequently ignored or confused, he said, the physician failing to recognize the early signs of the disease. He said that the symptoms are too frequently ignored or confused, he said, the physician failing to recognize the early signs of the disease.

Dr. F. M. Pottinger of Monrovia, specialist for the treatment of the disease, contributed from the storehouse of information. He has been accumulating by actual work for years. He took issue with some of the ideas expressed by Dr. Ehrhart, but with what was that was declared that tuberculosis can be cured.

OIL KING SUEED AGAIN  
FOR SHARE IN GUSHER.

[LOCAL CORRESPONDENCE.]

SANTA ANA, April 15.—Two new suits were added today to the nine already brought against A. O. Birch, owner of the greatest oil well on earth, by former stockholders of the Menges Oil Company, who declare that they were duped into selling their stock to Birch. The judgments asked in the eleven suits total \$1,393,800. The plaintiffs in total actions are H. C. Dawes, who asks \$384,132.74, an average of \$269.95 per acre, and Mrs. H. C. Dawes, who petitions the court for judgment of \$185,000.

The complaint in each of the eleven cases tells the same story. Birch had control of a majority of the stock of the Menges Oil Company. Just before the great Brea well, which produces \$3750 worth of oil and gas per day, was brought in, Birch persuaded the minority stockholders to sell their stock for \$2 a share. It is alleged that when purchasing the stockholders, Birch knew of the prospects for a big well, but withheld the information from the stockholders, whom he represented as president and general manager of the company.

WOULD RESIGN.

## Public Service: City Hall, Courts.

## SUMMARY OF THE DAY.

President Whiffen of the City Council conferred with the Harbor Commission yesterday and notified it that the Finance Committee will not recommend the creation of positions of wharfinger and traffic manager at the harbor as requested. Whiffen believes that one member of the commission should be stationed at Wilmington and another at San Pedro to do work which it is proposed should be done by newly-created officials.

The Council was unable to get anywhere on gas rates yesterday and postponed action again until tomorrow morning.

A final report on the Arroyo Seco parkway project has been postponed by the Public Welfare Committee for thirty days, with permission of the Council. The City Engineer is gathering data for a comprehensive report.

Manuel F. Cabral, wealthy Portuguese fisherman, was found guilty of murdering Mrs. Harriet Vorndam by a jury in Judge Craig's court. Life imprisonment was recommended.

## At the City Hall.

## NO SINECURES IN HARBOR JOBS.

WHIFFEN OPPOSES ANY FANCY SALARIES THERE.

Head of Finance Committee Says Commission Must Wait for Wharfinger and Traffic Manager Until Board Itself Cannot Handle Duties of This Port.

The Harbor Commission has asked the City Council to adopt ordinances creating the positions of wharfinger at the harbor, at \$150 per month, and traffic manager for the harbor, at \$300 per month. The ordinances have been prepared and are now in the hands of the Finance Committee, where it is probable they will remain until they find peaceful repose in the files of the city archives.

President Whiffen, who is also head of the Finance Committee, conferred with the Harbor Commission yesterday and clearly indicated that his committee will not recommend the passage of these ordinances. He stated that the committee feels that there must be no fat-salaried positions at the harbor during the present stage of development, and that until the Harbor Commission itself is unable to care for the duties of the port there is little prospect of the new positions being created.

Whiffen in this conference again proposed that at least one member of the commission should put in his time at the harbor. This was not received with any marks of enthusiasm by members of the commission. Whiffen has previously declared that if all members of the Harbor Commission are to continue to receive salaries of \$250 per month one of its members should be located at Wilmington and the other at San Pedro, so as to be in direct touch with all phases of harbor business.

In yesterday's conference it was decided that the Harbor Commission is to be given an expert to aid in working out the details of the comprehensive municipal terminal project.

Members of the Harbor Commission feel that much could be accomplished by the employment of a traffic manager, and that an experienced man for this position cannot be secured for an ordinary salary. Whiffen declared yesterday that he is certain that when the time comes for the employment of such an official he can be secured for less than \$300 per month, while President Woodman declared that he was in doubt whether even a man as needed for the position. At any rate, the Harbor Commission will have to struggle along for the present without a wharfinger and a traffic manager, and the \$450 per month proposed for such salaries will be saved to the city.

## THAT GAS PARCE.

IT'S TO BE CONSIDERED.

"How Not to Fix a Gas Rate" is the subject of a serial that is running at the City Hall—it has been running, or creeping, for many weary weeks. When "Fins" will be written no one can tell.

The Board of Public Utilities, after due and careful consideration, fixed the rate for natural gas for the remainder of the present fiscal year at 53 cents per 1000 cubic feet. This figure was based on facts and figures that the board believes could be sustained in court.

A hue and cry had been raised for many months by the Earl organette for 30-cent gas, and protests were filed against the rate as fixed by the commission, the allegation being made that the rate of 52 cents was too high. On the other hand, the Earl companies filed protests, claiming that the rate was too low. Then followed the notorious hearing of protesters that was a daily farce, with lobby that jeered and howled, applauded and cheered, as the case might be, when the witnesses were being examined.

Then the Council took the matter under advisement. The members are still advising, but apparently no one will take the other's advice. The vote in a recent caucus showed a variance of from 20 to 52 cents per 1000 cubic feet.

Yesterday was the time finally set to dispose of the subject. Result: postponement again until Friday morning at 10 o'clock.

A two-thirds vote of the Council is required to change the rate set by the Public Utilities Commission. Councilman Bryant yesterday advocated daily caucuses until the members of the Council reach an agreement.

## Arroyo Seco Parkway.

Another thirty days must pass before the Council receives the report of the Public Welfare Committee on the Arroyo Seco parkway project. Councilman Wheeler, head of this committee, yesterday asked for an extension of time, stating that the City Engineer is gathering data upon which the committee will base a comprehensive report.

## Newsies' News Still Dead.

Just one year ago yesterday the Break Municipal News got up the ghost, after having spent \$47,000 of the taxpayers' money. The fact was called to mind yesterday by City Hall officials, but there was no apparent sadness over the fact that the city

has been for a full year without a municipal paper.

## City Hall Briefs.

The Park Commission has adopted a policy of donating to church organizations nursery stock not required by the parks, in order that such stock may be utilized for beautifying church grounds. At Monday's meeting of the commission grants of the nursery stock were made to the Vermont Square Methodist Episcopal Church and St. Joseph's Church and school.

The Park Commission has advised the City Council that its instructions to abate the nuisance of the fertilizer plant at Exposition Park will be obeyed and it asks the Council to appropriate \$1500 for the purpose of creating a building to house the plant in some locality where it will not be objectionable.

Property owners residing in the northwest hill region have asked the Park Commission to make a small park or city property at the intersection of Illinois and Douglas streets and Edgewood road.

Passing of activities at the men's camp in Griffith Park in caring for men out of employment is marked by the action of the Municipal Charter Commission in asking the Park Commission to care for the plant until it is again needed. The Park Commission was thanked for its cooperation with the Municipal Charter Commission in handling the work of the past few weeks.

Great droves of horses used by motion picture concerns in Griffith Park have become a nuisance and menace to park growths, the Park Commission finds. At its last meeting it decided that hereafter no company will be permitted to use more than twenty-five horses at one time in making motion pictures in this park.

## At the Courthouse.

## SMILE GREET'S JURY'S VERDICT.

STRANGLER RELIEVED WHEN HE IS DECLARED GUILTY.

Expresses Gratification Upon Learning that Life Imprisonment Instead of the Death Penalty Is Recommended—Daughter Faints When Blow Falls.

Found guilty of first degree murder, Manuel F. Cabral, Portuguese fisherman, strangled Mrs. Harriet Vorndam, smiled for the first time since he was placed on trial for his life two weeks ago in Judge Craig's court yesterday. When the verdict was rendered a broad smile spread over the powerful defendant's features and he held out his big fists for the shackles. Cabral appeared greatly relieved when he learned from the foreman's lips that he was not to hang.

On his way over "the bridge of sighs" shackled to Deputy Sheriff Allen, the condemned murderer when asked how he felt replied, "I am satisfied; I am satisfied."

In an oblique way, Mrs. Mary Silvia, that the blow fell hard. When she heard her father's doom uttered the young girl screamed and collapsed.

Cabral will be sentenced Monday. The jury deliberated fifty-two minutes. Cabral, who is a San Diego fisherman, has come to be known as "The Strangler." He choked the life out of Mrs. Vorndam in the Mission apartment house, October 23, last. His defense was that she strangled herself.

Judge Craig will sentence Cabral to life imprisonment. The strangled murder not be executed as the jury recommended life imprisonment. Chief Deputy District Attorney Ford and District Attorney Veitch prosecuted Cabral.

Attorneys for Cabral will appeal after sentence is passed.

## CRUCIATE CHARGES.

FIFTY-SEVEN VARIETIES.

There were many ingredients in the divorce suit of Jessie M. against Arthur R. Douglas, tried by Judge Clarke yesterday. Some were pathetic, many humorous, but all pointing more or less to a family row with the result in favor of Mrs. Douglas.

She was awarded the decree and Douglas ordered to pay \$17.50 a month for the support of his infant son, Wallace Lee Douglas.

"He told me to pack my trunk and get out," she testified. "He said he would not give me a penny, but he gave me \$1 and told me to buy postal cards. I was to send him one when the baby needed milk."

Again Mrs. Douglas complained that her elderly husband took away her ear trumpet.

"What did he want with it?" asked the attorney.

"I don't know," was the reply. "I needed it, and he didn't."

Another complaint was that Douglas poured beer down the baby's throat.

"That is your business," the attorney asked Mrs. Douglas's father, also deaf.

"Popcorn, candy, chewing gum and cider," sang out the man.

"What is your daughter's age?" was the next question.

"Ask her, she knows," was the response.

"If their friends and relatives let them alone, do you think Douglas and his wife would get along?" the Court asked a witness.

"I certainly do," was the decided answer.

## NO SECRECY.

OPEN AND ABOVE BOARD.

Frank S. Gates, bailiff in Judge Taft's court, sought a divorce from Anna V. Gates yesterday. It appeared that he had tried to suppress the papers when he filed suit.

You are an officer of these courts," Judge Monroe asked.

"I am, Your Honor," replied Gates.

"Why did you try to have the papers suppressed?"

"Because I did not want the notoriety."

"Being an officer of the courts, you are to bear the mark of the law," Judge Monroe admonished Gates. He further stated that there would be no suppression of his case.

Gates was married at Eldorado, Kan., March 20, 1913. The couple have a daughter, now 23 years old. Desertion is alleged. Gates stating that he left him in 1913 and that they had quarreled. Judge Monroe continued the case until this morning in order to have Mrs. Gates present for her side of the story.

Senator Lee C. Gates, who performed the marriage ceremony at Eldorado, while serving as a magistrate, was a witness for his brother.

He said he had used his best efforts to have the couple make up, but without avail.

## HAD FAITH.

RELIED ON HANDKERCHIEF.

Mrs. Leo Stone Green, the disinherited daughter of John Newton Stone, the Compton rancher, battling yesterday for the \$90,000 estate left her by her mother, couched her testimony in Judge Houser's court yesterday. One of the alleged eccentricities of her father, she related, was how he relied on a handkerchief that had been blessed by a certain healer.

Blaine raised his invalid daughter from the bed where she was dying.

"Mother tried many times to induce me to leave my husband," she said. "Both father and mother urged me to leave him. I wanted to please them both. Mother declared to me that if she had her life to live over again she would not marry the best man living."

The contest has now narrowed down to the alleged undue influence of Mrs. Stone upon her husband in the execution of the will. In behalf of the widow, Attorney Shaw argued yesterday for a new setting up that there was no evidence presented to justify the allegations of Stone's undue influence. The court granted the first and denied the second.

## SCHOOL ROMANCE.

SANTA ANA MARRIAGE.

The romance of Blaine Huntton and Adelaide Huntton, his wife, was another Santa Ana marriage gone wrong. And because Blaine, a minor his divorce suit had to be brought through his mother, Emma E. Huntton.

Success did not attend the young husband's efforts yesterday. He alleged that his wife left him; he did not know why and he did not know whether she has left the city or not.

The usual rule of Judge Monroe's court was invoked where the wife failed to defend a suit. The case was continued until December 30, by which time it is hoped to have her deposition.

The marriage was the result of a Polytechnic High School romance. Blaine was Adelaide's classmate. About two years ago, without warning their parents, they eloped and came back to the city man and wife. Blaine took his bride to his home. He was only 18 and with no visible means of support. The glamour seems to have worn off after a few months.

## WILL FILED.

TRUST FUND PROVIDED.

The will of Eliza J. Stoddard, who died March 1, last, leaving an estate valued at \$175,000, was filed for probate by her daughters, Mary E. and Evelyn Stoddard, executrices, yesterday.

The home place at Eleventh and Beech streets to the heirs, Mary E. Stoddard, Mrs. Stoddard, and Bessie D. Stoddard. Mrs. Stoddard's share was to be paid to her daughters, Grace Shattuck and Emily Newton. A fund of \$3000 is provided for emergencies.

Augustus W. Stoddard of England is bequeathed \$1000. A trust fund of \$10,000 is provided. The income from the estate is to be paid him. The residue of the estate is bequeathed to the daughters.

## OLOGRAPHIC WILL.

ESTATE GOES TO WIFE.

In an oblique will Wilson Mead of Callaghan & Co. of Chicago, law book sellers, publishers and importers, bequeathed his entire estate to his wife, Abbie E. Mead of No. 380 Eleventh drive, Pasadena.

The portion of the widow gives the value of the property, consisting of real estate, stocks and securities, in the sum of \$100,000. Mrs. Mead is named executrix. George H. Mead, a half-brother, resides at Marshall, Mich. Mead died February 10, last.

## COURT PARAGRAPHS.

PROCEEDINGS IN BRIEF.

FIGHTING EXTRADITION. Habeas corpus proceedings before Judge Taft yesterday for the release of Joseph W. Humphrey, capitalist, who is wanted at Flint, Mich. Humphrey obtained a writ of habeas corpus from Judge Taft.

HEIN I. Walker, a false pretenses man, consumed most of the afternoon yesterday, and were continued until Tuesday afternoon. Sheriff Green there is a conspiracy against him and is fighting extradition. Sheriff Green is waiting to take him back to stand trial.

BRIEF COMPLAINT. One of the briefest complaints "received" was filed by Attorney Sullivan yesterday in the suit of E. M. Boylson against Joseph W. Humphrey. Boylson complains that Joseph assaulted and beat him on Monday, and he asks \$10,000 damages.

CONFRONTS ISSUE. Ought a man to buy cigars for himself when he is in the company of a woman? This was the question put up squarely to C. W. Willard by Judge Monroe yesterday when Mrs. Willard charged that her husband was a drunkard.

Willard admitted he smoked and was advised by the court that his wife's charge was true. He was ordered to pay \$4 a week.

INCORPORATIONS. Cahn Standard Optical Corporation, incorporators Henry C. Cahn, Fannie Cahn and S. D. Block, capital stock \$10,000, subscribed \$2500. C. E. Bireley, incorporators C. E. Bireley, A. B. Atwood, F. L. Freitas, James Aubrey and A. H. Nutt, capital stock \$200,000, subscribed \$2000. Shipley, H. F. Norcross, C. J. Healey, capital stock \$500,000, subscribed \$500. Los Angeles Cactus Nurseries Company, incorporators J. Frank Reynolds, N. H. Brooks and H. H. Huntington, capital stock \$25,000, subscribed \$10,500. Fred Mace Feature Film Company, incorporators Fred Mace, Sydney de Grey and Harry Revier, capital stock \$200,000, subscribed \$30.

## ENOUGH FOR CONTINUOUS JAG.

Man Accused of Having Stolen One Thousand Gallons of Whisky From Employer.

Accused of having stolen 1000 gallons of whisky from the liquor house in which he was employed at No. 114 1/2 West Third street, Emil Miller faces a new charge of larceny preferred by Judge Taft yesterday.

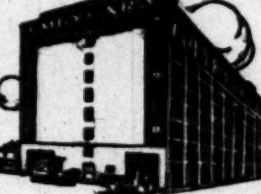

Inspector of his rooms at No. 947 East Pico street showed a collection of several hundred demijohns and kegs all bearing the mark of the liquor house where he was employed, and identified by the employees.

It is charged that Miller had been conducting a place where whisky could be sold without restriction to any or quantity. City Prosecutor McKee personally visited the rooms yesterday and will take personal charge of the prosecution, as it is, he alleges, the most aggravated case of "bootlegging" that has been exposed for many months.

## For Quick Action

Drop answers to "Times" queries in Times letter box in downtown office building. The letters are printed in the first column of the "Times" column.

ATTACK ACTION

OF GOVERNMENT.

ENFORCEMENT OF PREFERENCE RIGHTS QUESTIONED.

Whether Decision of Secretary of Interior Is Reviewable by a United States Court Opens Up an Interesting Question Making for Endless Litigation.

An attack on the rulings and regulations of the government in regard to the granting of preference rights in the entry of public land is made by the defense in the hearing against William B. Edwards, Robert L. Cullen, and Arch Robinson, charged with having interfered with Rev. J. M. Ocheltree and Patrick H. Bodkin in settling the government lands in the Palo Verde Valley, Riverside county. The case is now on before Judge Wellborn and a jury.

The defense will argue that the Secretary of the Interior is wrong as a matter of law in recognizing a preference right which has not been exercised within thirty days after the notice of such right having been granted had been received by the successful contestant.

The defendants, who are charged with having committed acts of violence against both Ocheltree and Bodkin, deny such charges, and insist that they were acting well within their rights when they tried to hold possession of the land involved, only being ousted by an order of the Superior Court of Riverside county.

During the trial, it is alleged that Edwards and his co-defendants held public meetings at which the administration at Washington was denounced and the rulings of the Interior Department severely attacked.

The principal defendant in the case is William B. Edwards, who took the stand late yesterday afternoon. It is expected that the jury will be given the case some time today.

## Once Richest Man.

(Continued From First Page.)

the government service in the Mexican War. He settled in Los Angeles, bought a forty-acre orange grove at Covina, and started all over again. That was thirty years ago, when Allen was far past middle life. He didn't progress as famously as he had in the old days in Iowa. Back home he still had friends and they helped to have him appointed to a high post in the forestry service. His acquaintance with men of affairs and his natural facility for forcing his point won him a chance with the organized orange growers of California, when the fight over the tariff on oranges was at its height. They sent him to Washington, where he exercised every effort, finally won his struggle for the tariff.

Of later years he had been retired. He moved into the city and lived once more in the past. Allen leaves three children—B. F. Allen, Jr., and H. W. Allen of San Francisco, and Mrs. K. A. Sands of New York City. His wife died several years ago.

The funeral services will be conducted in Riverside cemetery at 2:30 o'clock this afternoon.

## KNIGHTS OF KHORASSAN.

Al Borak Temple, Knights of Khorassan, will initiate seventy-five candidates at a special session of the lodge on Saturday night, to be held in the Mason Operahouse, in the presence of a large audience of their friends. The ceremony will be followed by a banquet.

## STOMACH HEALTH—OR NO COST TO YOU

Very likely others have advised you to use Rexall Dyspepsia Tablets, because scores of people in this community believe them to be the best remedy ever made for Dyspepsia and Indigestion. That is what we think, too, because we know what they have done for others and what they are doing for you. We have so much faith in them that we urge you to try them at our risk. If they don't help you, they won't cost you a cent. If they do, they do all that you want them to do—just tell us and we will give back your money without a word of question.

Containing Pepsin and Bismuth, two of the greatest digestive aids known to medical science, they soothe the inflamed stomach lining, help in the secretion of gastric juice, check heartburn and distress, promote regular bowel action, and make it possible for you to eat whatever you like, whenever you like, with the comforting assurance that there will be no bad after-effects. We believe them to be the best remedy for dyspepsia and indigestion. Sold only at the more than 7000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c and \$1.00.
